附件：常見問題

A. 與產品相關的問題

1. 「都市三保」醫療危疾保障系列之應繳保費 (包括「醫療」及「危疾及人壽」部份) 會否隨著受保人續保時的實際年齡而定?

會。此計劃會每年續保，而「醫療」及「危疾及人壽」部份之保費亦會按受保人**每年續保**時的實際年齡而定。

2. 「都市三保」醫療危疾保障系列會否提供週年紅利或保單價值?

不提供。

3. 若該醫療費用並不是**因糖尿病、高血壓或高血脂而引致，我們會就該筆醫療費用作出賠償嗎?**

會。「醫療」保障包括因非「三高」所引致的受理醫療開支。

4. 75 歲或之前的理賠會否受限於個人終身賠償限額?

不會。個人終身賠償限額會於受保人年滿75歲後緊接的保單週年日開始生效。**所有於個人終身賠償限額生效前已作出的賠償並不會計算在個人終身賠償限額內。**

5. 若所選計劃為私家房，而入住病房級別為半私家房或普通病房，醫療賠償百分比會否額外提升 ?

不會。

6. 就早期危疾及危疾可獲多少次賠償?

- 就3種早期危疾最多合共可獲1次預支賠償
- 就6種危疾最多合共可獲1次預支賠償

請留意，危疾賠償將扣除任何因早期危疾已預支的賠償。保單下對受保疾病作出的預支賠償合共**不可超過原有保額的80%**。

假設：
所選計劃：普通房
危疾及人壽保障的原有保額：250,000港元

例子1：早期危疾 -> 危疾 -> 身故

- 於2018年3月1日不幸確診患上早期危疾
  - 可預支40,000港元 (即原有保額 x 16% = 250,000港元 x 16%)
  - 現時保額 = 250,000港元 – 40,000港元 = 210,000港元

- 於2020年3月1日不幸確診患上危疾
  - 可預支160,000港元 (即原有保額 x 80% 減去 因早期危疾已預支的賠償 = 250,000港元 x 80% – 40,000港元)
  - 現時保額 = 250,000港元 – 40,000港元 – 160,000港元 = 50,000港元
- 於2050年5月1日不幸身故
  - 我們將支付現時保額，即50,000港元作為身故賠償

例子2：危疾 -> 早期危疾 -> 身故

- 於2018年3月1日不幸確診患上危疾
  - 可預支200,000港元 (即原有保額 x 80% = 250,000港元 x 80%)
  - 現時保額 = 250,000港元 – 200,000港元 = 50,000港元
- 於2020年3月1日不幸確診患上早期危疾
  - 由於已因危疾預支原有保額80%，並不可就是次早期危疾預支任何原有保額
  - 現時保額維持不變，即50,000港元
- 於2050年5月1日不幸身故
  - 我們將支付現時保額，即50,000港元作為身故賠償

例子3：沒有作出危疾或早期危疾索償 -> 身故

- 於2050年5月1日不幸身故
  - 我們將支付現時保額，即250,000港元作為身故賠償

7. 如果保單已就危疾或早期危疾作出預支賠償，保額及保費會否作出調整？

會，危疾及人壽保障的現時保額會因扣除就受保的危疾及/或早期危疾已支付的預支保額賠償而減少，而危疾及人壽部份之保費亦會根據現時保額按比例減少。

「醫療」部份之保費則不受影響。

B. 與「星級自主醫療獎賞」相關的問題

8. 就「星級自主醫療獎賞」所需的檢查項目的費用是由受保人自費嗎？

是。

9. 若我們於保單年度終結前的 180 日內並沒有收到受保人「星級自主醫療獎賞」的檢查證明，下一個保單年度的醫療賠償百分比將調整至多少？

該年度的總健康積分為零，因此，下一個保單年度的醫療賠償百分比將被調低 5%，惟賠償百分比並不會低於 55%。

10. 「星級自主醫療獎賞」的健康級別會否受任何醫療或危疾賠償而影響？

不會。健康級別只會因列於檢查證明上的檢查結果 (即糖化血色素(HbA1c)、血壓、總膽固醇及BMI)而變動。

11. 受保人於醫療賠償百分比提升至 70%後，仍需每年提交「星級自主醫療獎賞」的檢查證明嗎？

需要。受保人需在**每個保單年度終結前的 180 日內**提交檢查證明。否則，下一個保單年度的醫療賠償百分比將被調低 5%。

12. 醫療賠償百分比於調整後會否少於 55%？

不會。
醫療賠償百分比最低為55%；最高為70%。

13. 若客戶由普通房計劃更改至標準私家房計劃，更改後「星級自主醫療獎賞」的之醫療賠償百分比會否受影響？

不會。

14. 若客戶於保單年度終結前的 180 日內就同一檢查項目遞交多於一次「星級自主醫療獎賞」的檢查證明，我們將以那一份檢查證明為準？

我們將以最接近保單年度終結時作出檢查的證明為準 (即較後作出的檢查證明)。

C. 與核保相關的問題

15. 投保「都市三保」醫療危疾保障系列所需的驗身費用是由公司負擔嗎？

是。投保「都市三保」醫療危疾系列，在香港或澳門驗身費用(包括驗身、驗血、驗小便)一般由公司負擔。

16. 受保人可否購買多於一份「都市三保」醫療危疾保障系列？

不可以。

17. 曾經接受通波仔手術、患有心臟病或心肌病人士，可否購買「都市三保」醫療危疾保障系列？

不可以。

另外，已患上或曾經患上以下任何疾疾之人士並不受保。

1. 中風、短暫性腦缺血發作 (俗稱「小中風」)
2. 愛滋病
3. 心臟病、心絞痛
4. 昏迷
5. 腎衰竭、慢性腎小球性腎炎
6. 心電圖異常
7. 癌症、原位癌
8. 肢體截肢或壞疽
9. 肝硬化

18. 如何界定為非吸煙人士？

過去12個月內沒有吸煙將被界定為非吸煙人士。如需作尼古丁尿液測試，結果亦需呈陰性。

19. 投保時已確定為非吸煙人士，保單受保期間成爲吸煙者會否令保單無效？

不會。

D. 與理賠相關的問題

20. 於首個保單年度，「都市三保」醫療危疾保障系列將就第二部份之「其他住院賠償及手術費賠償」賠償受理醫療開支的 55%。

若客戶已於其他醫療保障計劃獲得部份賠償，我們將賠償整張醫療賬單受理醫療開支的 55% 或 扣減於其他醫療保障計劃獲得部份賠償後之受理醫療開支的 55%？

若客戶已於其他醫療保障計劃獲得部份賠償，我們將賠償**扣減於其他醫療保障計劃獲得部份賠償後**之受理醫療開支的55%，惟總賠償(包括於其他醫療保障計劃獲得的賠償)不得超過整張醫療賬單收費。

21. 何謂「同一次住院」？

「同一次住院」是指因同一次受保受傷、受保疾病或其併發、續發的情況而引致兩次或以上的住院，而此等住院相距上一次已賠償或可索償的住院**不超過90天**。

Appendix: FAQ

A. Questions related to product

1. Will the premiums payable for Metro-Trio Medical & Critical Illness Protection Series (including "medical" and "critical illness & life protection" parts) based on insured's attained age at the time of renewal?

Yes. This plan is yearly renewable and the premiums payable for "medical" and "critical illness and life protection" parts will be based on insured's attained age at the time of **annual renewal**.

2. Will Metro-Trio Medical & Critical Illness Protection Series provide annual dividend or policy value?

No.

3. If the medical expenses are unrelated to diabetes, hypertension and hyperlipidaemia, will they be covered under medical benefit?

Yes. Medical protection covers eligible medical expenses including those unrelated to diabetes, hypertension and hyperlipidaemia.

4. Are claims made before age 75 subject to lifetime limit?

No. Lifetime limit will only be effective from the policy anniversary immediately after the insured reached aged 75. **Any claims made before that will not count towards the lifetime limit.**

5. If one has selected standard private plan but has hospitalized in semi-private room or ward room, will we uplift the medical reimbursement percentage?

No.

6. How many times of advance payment are payable for early stage critical illnesses and critical illnesses?

- 3 early stage critical illnesses: an advance payment will be payable for 1 time in total
- 6 critical illnesses: an advance payment will be payable for 1 time in total

Please note that the benefits paid for critical illnesses will be reduced by any advance payment for early stage critical illness. All advance claim payments made in total for covered illnesses under the policy **cannot exceed 80% of the Initial Sum Assured**.

Assume -
Selected plan: Ward
Initial Sum Assured of critical illness and life protection: HK$250,000

Example 1: Early Stage Critical Illness -> Critical Illness -> Death

- Diagnosed with Early Stage Critical Illness on 1 Mar 2018
  - Advance HK$40,000 (ie. Initial Sum Assured x 16% = HK$250,000 x 16%)
  - Current Sum Assured = HK$250,000 – HK$40,000 = HK$210,000
- Diagnosed with Critical Illness on 1 Mar 2020
  - Advance HK$160,000 (ie. Initial Sum Assured x 80% minus advance payment for early stage critical illness = HK$250,000 x 80% - HK$40,000)
  - Current Sum Assured = HK$250,000 – HK$40,000 – HK$160,000 = HK$50,000

- Pass away on 1 May 2050
  - We will pay HK$50,000 (Current Sum Assured) as the death benefit

Example 2: Critical Illness -> Early Stage Critical Illness -> Death

- Diagnosed with Critical Illness on 1 Mar 2018
  - Advance HK$200,000 (ie. Initial Sum Assured x 80% = HK$250,000 x 80%)
  - Current Sum Assured = HK$250,000 – HK$200,000 = HK$50,000
- Diagnosed with Early Stage Critical Illness on 1 Mar 2020
  - Since we have already advanced 80% of the Initial Sum Assured due to critical illness, we will not advance any Initial Sum Assured due to early stage critical illness
  - Current Sum Assured remains unchanged, ie. HK$50,000
- Pass away on 1 May 2050
  - We will pay HK$50,000 (Current Sum Assured) as the death benefit

Example 3: No advance payment made for critical illness or early stage critical illness -> Death

- Pass way on 1 May 2050
  - We will pay HK$250,000 (Current Sum Assured) as the death benefit

7. Will the sum assured and premium be adjusted after advance claims payment has been made for critical illness or early stage critical illness?

Yes. Any advance payment made for covered critical illness and / or early stage critical illness will reduce the Current Sum Assured of the critical illness and life protection. The premium of critical illness and life protection will then be reduced proportionately according to Current Sum Assured.

The premium for medical protection will not be affected.

B. Questions related to Super Medical Reward

8. Does insured need to pay for the check-up items for Super Medical Reward?

Yes.

9. If we do not receive insured's proof of assessment of Super Medical Reward within 180 days before the end of policy year, what will the medical reimbursement percentage be adjusted to in the next policy year?

The total health points will be 0 for that policy year and the medical reimbursement percentage for the next policy year will be reduced by 5%.

10. Will health status of Super Medical Reward be affected by any medical or critical illness claims?

No. Health Status will only be affected by the results listed on the proof of assessment (ie. HbA1c, blood pressure, total cholesterol and BMI).

11. If the medical reimbursement percentage has reached to 70%, does the insured need to keep submitting the proof of assessment of Super Medical Reward every year?

Yes, insured needs to submit the proof of assessment **within 180 days before the end of each policy year**. Otherwise, the medical reimbursement percentage in the next policy year will be reduced by 5%.

12. Will the medical reimbursement percentage be lower than 55% after any adjustment?

No. The minimum medical reimbursement percentage is 55%; and the highest is 70%.

13. If customers change from ward plan to standard private plan, will the medical reimbursement percentage be affected after plan change?

No.

14. If customer submits more than 1 proof of assessment regarding the same check-up item under Super Medical Reward within 180 days before the end of policy year, which proof of assessment will be treated as final?

We will treat the proof of assessment which check-up is performed closest to the end of policy year as final (i.e. the latest proof of assessment).

C. Questions related to underwriting

15. Will AIA pay for the medical examination fee for applying Metro-Trio Medical & Critical Illness Protection Series?

Yes. AIA will pay for the medical examination (including Medical Examination, Blood Test and Urine Test) which performed in Hong Kong or Macau.

16. Can insured purchase more than one Metro-Trio Medical & Critical Illness Protection Series?

No.

17. Can customer who has undergone percutaneous coronary intervention or has been diagnosed with heart attack or cardiomyopathy purchase Metro-Trio Medical & Critical Illness Protection Series?

No.

In addition, we will not cover patient who has diagnosed with or has once diagnosed with any of the following illnesses.

1. Stroke or TIA
2. HIV
3. Heart Attack or Angina
4. Coma
5. Kidney Failure or Chronic Glomerulonephritis
6. Abnormal ECG
7. Cancer or Carcinoma-in-situ
8. Amputation or Gangrene of Limb
9. Liver Cirrhosis

18. How is non-smoker defined in underwriting?

Customers who have not smoked any cigarettes in the past 12 months are classified as non-smokers. If the insured is required to perform Cotinine urine test (COT), the result must be negative.

19. If one has been confirmed as non-smoker during application, will the policy be voided if the insured becomes smoker during the benefit term?

No.

D. Questions related to claims

20. During the first policy year, Metro-Trio Medical & Critical Illness Protection Series will reimburse 55% of the eligible medical expenses under Part II. Other Confinement Benefits and Surgical Benefits.

If a customer has already been reimbursed partially the medical expenses from other medical insurance plans, will we reimburse 55% of the eligible medical expenses of the whole medical bill OR 55% of the remaining eligible medical expenses?

After deducting the reimbursement amount from other medical insurance plans, we will reimburse 55% of the remaining eligible medical expenses. However, the total reimbursement amount (including the reimbursement from other medical insurance plans) must not exceed the whole medical bill.

21. What does "Same Confinement" mean?

"Same Confinement" refers to two or more admissions that are due to the same or related Covered Injury or Covered Illness, or to any complications arising therefrom. Such Confinements shall be regarded as one and the same Confinement if each of them **is not separated by more than 90 days** from the paid or payable Confinement, which immediately precedes it.
