產品常見問題 Product FAQ

產品定位 Product Proposition

Q1 如何向客戶解釋某些情況下癌症的賠償少於 100%保額？
How to explain to customers that under certain cases the payout for cancer is less than 100% sum assured?

此計劃按照癌症的嚴重程度作出賠償，愈嚴重，賠償愈多；根據不同嚴重程度的癌症索償，賠償可達 10%至 160%保額，於嚴重的情況下能提供更大的保障。因此，此計劃較一般就所有癌症劃一賠償 100%保額的計劃有更相宜的保費，更高保障槓桿，為客戶提供一個高性價比的保障選擇。

This product pays claims based on the severity of cancer. The higher the severity, the larger the payment amount. Based on different severity level cancer claims, the payment could be up to 10% to 160% sum assured, providing more protection under severe condition. Therefore, this plan is of lower premium than other plans which pay 100% sum assured for all cancer cases, thus provides high protection leverage and a higher value for money protection option to customer.

Q2 計劃下仍未接受之手術、治療或嚴重住院不會獲得嚴重程度分數，如病況不容許接受手術，因而無法就手術獲得分數，該如何向客戶解釋？
No score will be given if the Surgery, Treament or Intensive Hospital Stay are not actual underwent, how to explain to customers that if the health condition does not allow surgery and thus point cannot be scored under Surgery?

與現行住院現金及手術現金產品類近，任何治療或手術必須為已接受的才可合符理賠資格。

Similar to existing hospital cash and surgery cash product, any treatment or surgery has to be actual underwent to be eligible for claims.

Q3 承上題，常見的癌症索償情況，如四期癌症，賠償會與傳統危疾保障計劃落差很大嗎？
Following the above question, for common cancer claims, e.g. Stage IV cancer, will the payment be much different a lot from traditional critical illness protection plan?

於嚴重程度因素治療下，第四期癌症屬「極嚴重」之嚴重程度，可獲 4 分嚴重程度分數；而癌症可於嚴重程度額外分數下獲得 2 分，所以未計算手術及嚴重住院下，嚴重程度累積分數最少為 6 分，「嚴重狀況賠償」為 60%保額。而因癌症於治療因素之嚴重程度達「極嚴重」，所以可於「極嚴重狀況之額外賠償」下獲得額外 40%保額。

因此，四期癌症最少可獲共 100%保額賠償，而因「極嚴重狀況中的額外賠償」達 40%保額，所以亦毋須再繳付所有隨後的基本保單保費。

就其他癌症而言，於治療下最少可就「普通藥物和另類治療」獲得「嚴重」的 1 分（詳情可參考 Q26），加上嚴重程度額外分數下癌症可獲得之 2 分，嚴重程度累積分數最少為 3 分，即 10% 保額。

而就原位癌而言，首次索償可行使保證最低金額，最少可獲 10%保額（詳情可參考 Q15）。

Under Severity Factors of Treatment, any Stage IV cancer would fall into Extremely Serious Severity Level which entitles 4 points; and 2 extra points would be given for cancer as Extra Severity Score. So even no counting of Surgery and Intensive Hospital Stay, Cumulative Severity Score would be at least 6 points, thus 60% sum assured would be payable for Severe Condition Benefit. And since the cancer reaches Extremely Serious Severity Level under Treatment, 40% additional sum assured would be paid under Extra Benefit on Extremely Serious Condition.

As such, at least 100% sum assured would be payable for Stage VI cancer, and as 40% of the sum assured is paid under the Extra Benefit on Extremely Serious Condition, all subsequent premiums of the basic policy will be waived.

For other cancers, 1 point would be given for “General medication and alternative treatment” under Treatment (please refer to Q26 for details), adding up the 2 points Extra Severity Score for cancer, the Cumulative Severity Score would be at least 3 points, i.e. 10% sum assured.

And for Carcinoma-in-situ, guaranteed minimum amount can be exercised for the first claim, 10% sum assured as minimal would be payable. Please refer to Q15 for details.

Q4 此計劃與「癌症全方位保障 2」有何分別？
What is the difference between this plan and Cancer Guardian 2?

Q5 此計劃有哪些目標客戶群？
Who are the target customers for this product?

1. **年輕一族**: 此計劃保費相宜，可作年輕一族的入門保障。
2. **現有危疾客戶**: 可藉此計劃來解決保額不足的問題。
3. **現有「癌症全方位保障 2」客戶**: 此類客戶群一般都特別注重癌症的保障，但 CG2 只提供實報實銷賠償。此計劃則提供一筆過賠償，可用作解決醫療費用以外的開支，更提供身故賠償，與 CG2 相輔相成。

1. **Young segment**: The relatively low premium of this plan makes this product an entry level protection for the young segment.
2. **Existing customers with critical illness protection**: Customers can use this plan to increase leverage, filling the protection gap if their existing sum assured is insufficient.
3. **Existing customers with Cancer Guardian 2**: These customers are usually more concern on cancer protection. However CG2 only provides reimbursement cover. This plan provides lumpsum payments which can be used for other expenses other than medical expese. It also provides death benefit. Therefore, this plan can be a good complement to CG2.

大額保費折扣 Size Discount

Q6 如同時享有大額保費折扣及 Vitality 保費折扣，折扣將如何計算？
If size discount and Vitality premium discount are both available, how would be discount be counted?

兩項折扣可同時享有，總折扣為兩項折扣相乘，例如，假設 Vitality 保費折扣為 10%，總折扣即為 8 折（大額保費折扣）x 9 折（Vitality 保費折扣）= 72 折。

Both discount can be enjoyed, the total discount be multiplying the 2 discount, for example, if the Vitality discount is 10%, the total discount would be 80% (size discount) x 90% (Vitality premium discount) = 72% (28% off)

Q7 大額保費折扣會否因日後理賠而受到影響？
Will the size discount be affected by future claims?

大額保費折扣仍然適用，不會因日後理賠而有所影響。

The discount would still be available. Size discount would not be affected by future claims.

Q8 承上題，若是因應保單持有人申請減低保額而令保額低於大額保費折扣所要求的最低保額，折扣仍然適用嗎？
Following the above question, if the sum assured is reduced in response to the request of reduction in sum assured by the policy holder, to a level lower than the minimum amount of sum assured eligible for the size discount, would the discount be still available?

否，因是客戶選擇減低保額，所以大額保費折扣將不再適用。

No, as the customer opts to reduct the sum assured, the size discount would not be available.

Q9 佣金會根據大額保費折扣後還是前之保費計算？
Commission will be calculated based on the premium after or before the size discount?

佣金將根據大額保費折扣後之保費計算。

Comission will be calculated based on the premium AFTER the size discount.

Q10 大額保費折扣適用於額外附加保費或附加契約的保費嗎？
Is the size discount applicable to loading or the premium for riders?

此折扣只適用基本計劃的標準保費，並不適用於任何額外附加保費。
This discount is only applicable to the standard premiums of the basic plan and shall not apply to any extra premiums due to loading.

嚴重狀況賠償 Severe Condition Benefit

Q11 關於「手術」因素，自願醫保計劃(VHIS) 手術表上的小型或中型手術可獲得分數嗎？如否，會導致較輕的病況如原位癌，索償門檻太高嗎？

For Surgery Factor, would minor or intermediate surgery under Voluntary Health Insurance Scheme ("VHIS") Schedule of Surgical Procedures score? If not, would it be too strict for mild health condition to claim, like carcinoma-in-situ?

不可，計劃設計理念為根據病況的嚴重程度作出適當的賠償，為小型或中型手術給予分數將令索償條件過於寬鬆，因此只為自願醫保計劃(VHIS) 手術表上的大型及複雜手術提供分數。我們亦考慮及較輕原位癌病況的可能，因此計劃為首次原位癌索償設有保證最低金額，最少可獲10%保額（詳情可參考 Q15）。

No, the design concept of the plan is to provide benefit based on the severity level of the health condition, giving scores for minor or intermediate surgery would greatly lossen the claims requirement, thus score can only be given for major and complex surgery under VHIS Schedule of Surgical Procedures. We have also considered the possible mild carcinoma-in-situ conditions, thus the plan provides guaranteed minimum amount for the first carcinoma-in-situ claim, 10% sum assured as minimal would be payable. Please refer to Q15 for details.

Q12 如受保人接受的手術不屬於自願醫保手術表中的任何一項手術類別或如手術表不再有效或被取代，或此手術表之手術分類重新命名或有其他更改，將如何處理？

If the insured undergoes a surgery which is not included in any surgical category under the Voluntary Health Insurance Scheme Schedule of Surgical Procedures, or if this Schedule of Surgical Procedures is no longer valid or is replaced, or if the categories of surgical procedures in this Schedule are renamed or otherwise changed, what would be the handling?

我們將會參考政府、相關機構或醫學組織發佈的手術表及 / 或任何其他刊物或資料中以難度和複雜程度相約的其他手術作出合理決定適用的手術類別。

We will reasonably determine the applicable surgical category based on other surgical procedures with similar difficulty and complexity included in the Schedule of Surgical Procedures and / or any other publication or information from the Government, relevant authorities or medical associations.

Q13 如受保人已開始接受癌症重點治療，例如化療，而療程尚未完結，哪受保人可藉此治療而獲得嚴重程度分數嗎？

If the insured has started receiving cancer focused treatment, for example chemotherapy, but the treatment is not yet completed, will the insured score Severity Score under Treatment Factor?

可以，只要治療已經開始便可以獲得嚴重程度分數。

Yes, Severity Score can be given as long as the treatment has started.

Q14 受保人可於不同事件下，於同一個嚴重程度因素的同一嚴重程度(即九宮格內同一格仔)獲得嚴重程度分數嗎？

Can the insured score from the same Severity Level of the same Severity Factors (i.e. same cell under the "9-Grid") in different events?

不可以，計分以最高嚴重程度計算，即不可就同一"格仔"計算多過一次分數。可是，過去索償所得之嚴重程度分數及額外嚴重程度分數會累積並計算於未來索償內而非重複疊加計算。

No, the scoring is based on the highest severity level, meaning that same cell cannot be scored for more than once. However, the Severity Score and Extra Severity Score of previous claims will be cumulated and counted towards future claims but not repeatedly and counted as addition.

Q15 假如受保人第一次原位癌索償的嚴重程度累積分數達到 4 分，獲得保額 20% 賠償，於嚴重狀況賠償下原位癌索償之保證最低金額仍可於下一次原位癌索償行使嗎？

If the insured's first carcinoma-in-situ (CIS) claim reached a Cumulative Severity Score of 4 and has received a 20% of the Sum Assured payment, could the guaranteed minimum amount of CIS claim under Severe Condition Benefit still be exercised for the next CIS claim?

否，保證最低金額只於首次索償獲得有關原位癌的嚴重程度額外分數才適用。
因每份保單只可行使一次保證最低金額，所以除第一次原位癌賠償外往後的索償將不適用。

No, the guaranteed minimum amount is only eligible when the first claim is made for scoring Extra Severity Score for CIS. As the guaranteed minimum amount can only be exercised once only per policy, it is not available for later CIS claims other than the first one.

Q16 是否每一次的癌症皆可獲 2 分的嚴重程度額外分數?

Is the 2 points of Extra Severity Score awarded for each and every cancer?

否，嚴重程度額外分數每份保單最多為 2 分，所以，第一次癌症獲得 2 分後，下一次癌症不會再獲多額外 2 分。然而，過去索償所得之嚴重程度分數及額外嚴重程度分數會累積並計算於未來索償內。所以，當嚴重程度累積分數於下一次癌症有所增加而獲得賠償，例如接受了更嚴重的手術，第一次癌症所獲得的 2 分亦會累積至下一次癌症索償之分數。

No. The maximum Extra Severity Score per policy is 2. As such, after getting the extra score of 2 points for the first cancer, next cancer will not be further added with 2 points. However, the severity score and extra severity score of previous claims will be accumulated and counted towards future claims. Therefore, when there is an increase in the cumulative seveity score on the next cancer and thus a benefit is payable, for example undergoing a higher severity level surgery, the extra score 2 points for the first cancer will be accumulated to the next cancer claim.

極嚴重狀況之額外賠償
Extra Benefit on Extremely Serious Condition

Q17 於每個嚴重程度因素下，保障可賠償多少次？會否影響身故賠償？

How many times is the benefit payable under each Severity Factor? Would it affect the dealth benefit?

於每個嚴重程度因素下極嚴重狀況之額外賠償最多可賠償一次，惟保障下賠償額最高為合共40%保額。而極嚴重狀況之額外賠償亦不會影響身故賠償額。

Under each Severity Factor, Extra Benefit on Extremely Serious Condition can be paid once, subject to a maximum 40% of the sum assured in total under the benefit. Extra Benefit on Extremely Serious Condition would not affect the death benefit amount.

嚴重傳染病賠償
Serious Infectious Disease Benefit

Q18 如於確診疾病後疾病才被世界衛生組織（WHO）公佈為國際關注的突發公共衛生事件（PHEIC），是否仍可獲得賠償？

Would it still be eligible for claims if the declaration of Public Health Emergency of Internal Concern (PHEIC) is made by the World Health Organization (WHO) after the diagnosis of the disease?

是，只要 WHO 於確診一年內公佈及符合因疾病入住深切治療病房的日數要求，及符合保單繕發後 90 日等侯期的要求。

Yes, as long as the declaraion is made by WHO within 1 year after the diagnosis and the requirement of the days of Intensive Care Unit (ICU) stay due to the disease is met, subject to the 90 days waiting period after the policy is issued.

Q19 如果因世界衛生組織作出改變（包括如世界衛生組織不再存在）而國際關注的突發公共衛生事件不再有效，公司將如何處理？

If Public Health Emergency of International Concern is no longer valid due to any change at or made by the World Health Organization (including if the World Health Organization (WHO) ceases to exist), how will the company handle?

如上述情況發生，則從那時開始，我們可以選擇根據世界衛生組織的最後一次該聲明或其他衛生組織的任何其他同等聲明。

If the above happened, from that point onward, we will choose at our option to either follow the last such declaration by the WHO or any other equivalent declaration from other health organisations.

轉換權益 Conversion Privilege

Q20 計劃作出賠償後會影響轉換權益嗎？

Will claims made under this plan affect the conversion privilege?

不會。可轉換的保額為基本保單當時可支付的身故賠償額（即保額扣除任何已支付的嚴重狀況賠償及嚴重傳染病賠償）。

No, it will not. The convertible amount can be up to the current amount of Death Benefit payable under the Basic Policy (being the Sum Assured, less Severe Condition Benefit(s) and Serious Infectious Disease Benefit paid)

Q21 計劃可轉換為泰然安心保 2(ECP2)或其他危疾計劃？

Can the plan be converted into Executive Care Pro 2 (ECP2) or other critical illness plans?

否，此計劃保障癌症、原位癌及嚴重傳染病，而危疾計劃保障多種疾病，因為保障範圍的不同，所以不可以豁免健康申報轉換。

No, this plan covers cancer, carcinoma-in-situ and serious infectious disease; while ECP2 covers for 55 critical illnesses, due to the different in coverage scope, coversion without health declaration is not allowed. Same case for other critical illness plans.

豁免繳付保費 Waiver of Premium

Q22 於什麼情況下毋須再繳付所有隨後的基本保單保費。

Under what condition will all subsequent premium of this basic policy be waived?

當：

i. 嚴重狀況賠償及嚴重傳染病賠償達 100%保額或

ii. 極嚴重狀況中的額外賠償達 40%保額，

則毋須再繳付所有隨後的基本保單保費。

Once claims reach:
i. 100% of the sum assured under the Severe Condition Benefit and Serious Infectious Disease Benefit; or
ii. 40% of the sum assured under the Extra Benefit on Extremely Serious Condition,
all subsequent premiums of the basic policy will be waived.

Q23 承上題，豁免繳付保費後保單餘下什麼保障是仍然生效？

Following the above question, what benefits are remained effective after the waiver of premium?

餘下仍生效的保障根據索償的情況會有所不同：

情境一：如嚴重狀況賠償及嚴重傳染病賠償達 100%保額

- 嚴重狀況賠償仍提供餘下的 20%保障
- 如未曾就嚴重傳染病賠償作出賠償，計劃再繼續提供相應保障
- 因身故賠償相等於 100%保額扣除任何於嚴重狀況賠償及嚴重傳染病賠償下所支付的金額，因此計劃將不再提供任何身故保障（100% - 100% = 0%）
- 如極嚴重狀況之額外賠償仍未達最高賠償 40%保額，計劃再繼續提供相應保障

情境二：如極嚴重狀況中的額外賠償達 40%保額

- 極嚴重狀況中的額外賠償需於嚴重狀況賠償作出賠償的情況下才會支付，而嚴重狀況賠償將提供扣除任何於嚴重狀況賠償及嚴重傳染病賠償下所支付的金額後所餘下的保額保障。如保單下已作出的嚴重狀況賠償及嚴重傳染病賠償之總額合共已達到保額的 120%，基本計劃將被終結
- 如未曾就嚴重傳染病賠償作出賠償，計劃再繼續提供相應保障
- 身故賠償將相等於 100%保額扣除任何於嚴重狀況賠償及嚴重傳染病賠償下所支付的金額
- 因極嚴重狀況之額外賠償已達最高賠償 40%保額，計劃將不再提供相應保障
-

Depending on the scenarios, the remaining effective benefit would be different:

Scenario 1: 100% of the sum assured is paid under the Severe Condition Benefit and Serious Infectious Disease Benefit

- 20% sum assured coverage would be provided under Severe Condition Benefit
- If payment has not been made under Serious Infectious Disease Benefit, the plan will continue to provide the benefit
- As death benefit is equal to 100% sum assured less any payments made under the Severe Condition Benefit and Serious Infectious Disease Benefit, the plan will no longer provide any death benefit (100% - 100% = 0%)
- If the Extra Benefit on Extremely Serious Condition has not reached the maximum 40% sum assured pay-out, the plan will continue to provide the benefit

Scenario 2: 40% of the sum assured is paid under the Extra Benefit on Extremely Serious Condition

- Since Severe Condition Benefit has to be payable for Extra Benefit on Extremely Serious Condition to be payable, Severe Condition Benefit will be providing a benefit amount equal to the sum assured less any previously paid Severe Condition Benefit(s) and any Serious Infectious Disease Benefit. If the benefit paid under Severe Condition Benefit and Serious Infectious Disease Benefit reaches 120% sum assured, the basic plan will be terminated
- If payment has not been made under Serious Infectious Disease Benefit, the plan will continue to provide the benefit
- Death benefit equals to 100% sum assured less any payments made under the Severe Condition Benefit and Serious Infectious Disease Benefit
- As Extra Benefit on Extremely Serious Condition has reached the maximum 40% sum assured pay-out, the plan will no longer provide the benefit

核保及理賠 Underwriting & Claims

Q24 此計劃只需就癌症有關之情況作核保嗎？
Will the underwriting of this plan be on cancer-related conditions only?

否，除了就癌症有關之情況作核保外，此計劃亦需就人壽方面作核保。

No, aside of cancer underwriting, underwriting is also required for the life cover.

Q25 如投保人曾患上 2019 冠狀病毒病及而已痊癒，於申請此計劃時會因此加設不保事項或附加保費嗎？
If the insured had been diagnosed with COVID-19 and recovered, will there be any exclusion/loading when he/she applies this plan?

申請將作個別考慮，包括嚴重程度、治療詳情、是否有任何併發症或後遺症及已痊癒多久等因素。

The applications will be considered on a case-by-case basis, subject to severity of the condition, treatment details, any complication or any residual health impairments, duration since recovery etc..

Q26 就「嚴重」及「極嚴重」的「治療」因素而言，客戶需提交甚麼索償證明?
What is the claims requirement for claims submittion regarding "Serious" and “Extremely Serious” Treatment Factor?

客戶只需在於遞交賠償申請表時連同有關治療的證明文件，如單據，遞交便可。

Customers only need to submit relevant evident document of the treatment, e.g. recipt, together with the claim form.

Q27 計劃下的癌症及原位癌定義與於現行危疾產品下的定義不同，新定義適用於原狀危疾條款(Grandfathering)嗎？
The cancer and carcinoma-in-situ definition under this plan is different from the existing definition under existing critical illness products, is the new definition applicable for Grandfathering?

否，有關於危疾產品危疾定義的原狀危疾條款(Grandfathering)並不適用於嚴重程度健康保障系列產品。

No, grandfathered critical illness clause for critical illness definition under critical illness products is not applicable to Severity-based Health Protection product series.

Q28 索償間設有等候期嗎？
Is there any waiting period between claims?

否，不設等候期。

No, there is no waiting period.

Q29 需於出院後才可以索償嗎？
Is hospital discharge required before submitting claims?

否，只要可提供有關之證明則可提交索償。

No, claims can be submitted as long as relevant evidents can be provided.

Q30 計劃如何就漸趨嚴重的情況作出賠償？
How would the plan provides coverage for progressively serve condition?

參考 Q3，癌症最少可獲 3 分嚴重程度累積分數，即 10%保額嚴重狀況賠償。如其後進行了自願醫保手術表下的複雜手術，而於手術下獲得 2 分，嚴重程度累積分數則升至 5 分，嚴重狀況賠償將扣除已支付的任何嚴重狀況賠償及任何嚴重傳染病賠償後作出賠償，即 50% - 10% = 40%保額賠償。

Taking reference on Q3, at least 3 points would be given for cancer, which is 10% sum assured under Severe Conditon Benefit. If a Complex VHIS surgery is underwent afterwards, 2 points would be given under Surgery, thus the Cumulative Severity Score would be raised to 5 points, Severe Condition Benefit would pay the respective benefit amount less any previously paid Severe Condition Benefit(s) and any Serious Infectious Disease Benefit, i.e. 50% - 10% = 40% sum assured.

一般產品問題 General Product Question

Q31 此計劃的保額會納入危疾保障個人最高投保額的計算嗎？另外，於危疾產品下的原位癌個人最高賠償限額亦會適用於此計劃嗎？

Would this plan's sum assured be counted towards the per life limit under critical illness protection? Besides, is the per life maximum benefit limit of Carcinoma-in-situ applicable for this plan too?

否，此全新產品線 - 「嚴重程度健康保障」的個人最高投保額是與現行危疾的分開計算。而於嚴重程度健康保障產品下的原位癌索償亦不會納入危疾產品下相應的限額計算。

No, this new product line - Severity-based Health Protection would have a separate per life limit from the exisiting critical illnes protection. Claims of carcinoma-in-situ under Severity-based Health Protection products would not be counted towards the limit under critical illness products.

Q32 投資此計劃需要填寫 FNA 嗎？

Is FNA required for applying this plan?

否，此計劃為 FNA 豁免。

No, this plan is FNA out of scope.

Q33 計劃適用於「友得簽」嗎？

Is "Sign Everywhere" applicable for this plan?

適用。

Yes.

Q34 計劃的保障年期為至 85 歲，如受保人於續保時為 82 歲而續保年期選項為 5 年，哪續保年期將如何計算？

Since the benefit term of the plan is up to age 85, how would the renewal period be calculated if the insured is age 82 at the time of removal and the policy's renewal period option is 5 years?

與一般其他定期產品類近，續保期為：

1）當保單繕發時所選擇的續保年期；或

2）受保人年滿 85 歲後緊隨的保單週年日前餘下的年數，

兩者以年期較短者為準。

就所述例子而言，續保年期將為 3 年（85-82）。

Similar to other general term products, the policy renewal period is equivalent to:

1) the Renewal Period that is chosen when the Policy was issued; or
2) the number of years up to the Policy Anniversary immediately after the Insured turns age 85, whichever is shorter.

For the suggested cases, the renewal period would be 3 years (85-82).

以上資料只供參考之用，並不構成保險合約的一部份，有關此項保障計劃的內容細則及不承保事項將詳列於保單之內，如有任何差異，均以保單內之條款細則為準。
