"Smart Elite Ultra" - FAQ Supplementary

ROAD TO AGENCY 掌握科技 智創未來

就 2017 年 6 月 30 日推出的危疾產品 -「多重智倍保」，現附上常見問題以助營業顧問加深了解新產品的特點。詳情請參閱附件。

請將以上訊息傳達予屬下的營業同事，多謝合作！如有任何疑問，請透過營業經理致電產品熱線 (852) 3108 1638 (香港) 或 (853) 8988 1833 (澳門) 查詢。

For the newly launch of critical illness product on 30th June 2017 – "Smart Elite Ultra", we would like to enclose the FAQ to facilitate the understanding of the new product. Please refer to attached Appendix for details.

Please convey the above message to your fellow agents. Thanks for your attention. If you have any queries, please call our hotline at (852) 3108 1638 (Hong Kong) or (853) 8988 1833 (Macau) via agency leaders.

Best regards,

Felix Fung
Product Strategy and Management Department

附錄：常見問題

1. 早期危疾也可多重賠償嗎?

– 可以，只要所屬的危疾類別未達至相關的賠償上限便可。

例如：首次索償：心臟病 (100%原有保額)
- 第 2 次索償：心包切除手術 (20%原有保額)
- 第 3 次索償：經皮穿刺冠狀動脈介入 (俗稱「通波仔」) (20%原有保額)
- 第 4 次索償：主動脈疾病的血管介入治療或主動脈瘤 (20%原有保額)
- 第 5 次索償：微創進行直接的冠狀動脈搭橋手術 (20%原有保額)
- 第 6 次索償：次級嚴重傳染性心內膜炎 (20%原有保額)
- 其後，因與心臟相關之疾病已達至 200%原有保額的賠償上限，往後之心臟相關之疾病將不獲賠償。

請注意，每種早期危疾（原位癌除外）可獲1次賠償。原位癌在不同受保器官群組則最多可獲2次賠償。

2. 「多重智倍保」是否提供身故賠償?

– 於首100%原有保額，客戶可就身故獲得賠償。如客戶身故前並沒有就任何受保疾病獲得賠償，身故時可獲100%的原有保額。如客戶身故前已獲得預支賠償，身故時可獲100%的原有保額減去已賠付的預支賠償。

此外，不論客戶有否曾在保單下獲取賠償，我們亦會派發相等於原有保額5%的特惠恩恤金賠償。

3. 首次及第二次心臟病的賠償要求是否相同?

– 是。兩次心臟病的賠償要求皆符合「心臟病」的定義便可。2次心臟病確診日期之間只需1年的等候期。

4. 「加裕倍安保」系列的保額會因提取分紅而有所影響（部份退保），「多重智倍保」是否也一樣?

– 「多重智倍寶」的保單分紅結構為週年紅利及終期分紅，保單持有人可從保單內直接提取週年紅利而不影響保單的保額。但如果保單持有人從保單內提取終期分紅，保單的保額會因保單持有人於保單內提取分紅而有所影響（部份退保）。

5. 「良性病變保障」的 20%原有保額賠償是否同樣享有的首 10／15 年的升級保障?

– 升級保障不適用於「良性病變保障」。

6. 良性病變賠償可獲多重賠償嗎?

– 不可以。

7. 獲良性病變賠償後，保費會相應下調嗎?

– 不會，因為良性病變賠償是一種額外賠償，並非預支賠償。

8. 如受保人是內地兒童，其父母是否符合「付款人身故保障」的保單持有人資格?

– 任何保單持有人的年齡為50歲或以下便符合資格。

9. 「付款人身故保障」的保費豁免是否包括附加於此基本計劃的附加契約?

– 此保障只會豁免「多重智倍保」的保費直至子女年屆25歲為止。

10. 雖然「付款人身故保障」毋須保單持有人申報健康狀況，但須符合 2 年等待期的要求。那麼，保單持有人是否可以額外為受保兒童購買「特級付款人保障連危疾附加契約」(PBCI Pro) 等附加契約，使小朋友獲得更全面的保障?

– 可以的。

11.「在付款人身故保障」下，保費豁免後保單仍會繼續有現金價值嗎?

– AIA將承擔保單所需繳付的保費，讓保單維持生效，保證受保人獲得終身危疾保障，而保單內的非保證週年紅利（如有）及終期分紅（如有）仍可派發。

12. 「良性病變保障」及「兒童先天性疾病保障」是否亦設有90 天的等候期?

- 是。

13. 購買「多重智倍保」時可否做Date-Back?

- 可以，最多可 Date-Back為半年。

14. 在建議書系統 (Proposal Generating System) 輸入資料時，有什麼需要注意的地方?

- 由於此計劃的「付款人身故保障」需要符合保單持有人的年齡要求。因此，當在建議書系統 (Proposal Generating System) 輸入資料時，如受保人為18歲以下之人士，請必須輸入保單持有人的年齡。否則，此計劃並不會於產品列表中出現。

15.「原狀危疾條款」是否適用於此計劃?

- 是。「原狀危疾條款」適用於基本計劃和升級保障，但不適用於早期危疾、嚴重兒童疾病、良性病變保障及多重危疾保障。

❖ 此文件旨在引導瞭解此產品的保障範圍。至於核保相關的常見問題，請參閱營運部將發出的相關通告

Appendix：Frequently Asked Questions

1. Is multiple protection also applied to early stage critical illnesses?

- Yes. As long as the related critical illnesses groups have not reached the relevant coverage limits.

  For example: the first claim: heart attack (100% of Initial Sum Assured)
  - The second claim: Pericardectomy (20% of Initial Sum Assured)
  - Third claim: Percutaneous Coronary Intervention (20% of Initial Sum Assured)
  - Fourth claim: Endovascular Treatments of Aortic Disease or Aortic Aneurysm (20% of Initial Sum Assured)
  - Fifth claim: Minimally Invasive Direct Coronary Artery Bypass (20% of Initial Sum Assured)
  - Sixth claim: Less Severe Infective Endocarditis (20% of Initial Sum Assured)
  - Since the total claims of heart-related illnesses have reached a maximum of 200% of Initial Sum Assured, the subsequent heart-related illnesses will not be covered.

  Please note that each early stage critical illness can be payable once, except Carcinoma-in-situ. For Carcinoma-in-situ, the payment can be payable up to 2 times for different covered organ groups.

2. Does Smart Elite Ultra provide death benefit?

- Customer can claim the death benefit in the first 100% of Initial Sum Assured. If customer does not claim for any covered illnesses before he / she dies, he / she will get 100% of Initial Sum Assured. If customer receives any advance claim payments before he / she dies, the death benefit is equal 100% Initial Sum Assured minus any advance claim payments.

  In addition, we will pay a compassionate cash benefit equal to 5% of the Initial Sum Assured regardless of whether any claims payments have been made previously.

3. Is the claim requirement for first heart attack the same as second heart attack?

- Yes. Both claim requirements should fulfill the definition of heart-attack and 1 year waiting period is required between the diagnosed dates of the two heart attacks.

4. Sum Assured of Protect Elevator Series will be affected if insured withdraws the bonus from the policy (Partial surrender). Smart Elite Ultra has the same situation?

- The bonus / dividend structure for Smart Elite Ultra is Annual Dividends and Terminal Bonus. Policyowner can withdraw Annual Dividends directly from the policy and it does not affect the sum assured of the policy. However, if policyowner withdraw Terminal Bonus from the policy, then sum assured of the policy will be reduced (Partial surrender).

5. Is the Coverage Booster (First 10 / 15 years) applicable to Benign Extra Benefit?

- Coverage Booster is not applicable to Benign Extra Benefit.

6. Is multiple protection applicable to Benign Extra Benefit?

- No.

7. Will the premium be adjusted after the claim of Benign Extra Benefit?

- No, because Benign Extra Benefit is an additional payment, rather than advance payment.

8. Is the parent of insured child from PRC eligible for policyowner of the Payor Benefit (Death)?

- All policyowners are eligible for Payor Benefit (Death) if their ages are 50 or below.

9. Does Payor Benefit (Death) also waive the premium of add-on plans attached in this basic policy?

- This benefit only waives the premium of Smart Elite Ultra until the insured becomes age 25.

10. Although Payor Benefit (Death) does not require policyowner to declare their health status, policyowners have to meet the requirement of 2-year waiting period after the policy is effective. Then, can the policyowner apply for additional add-on plans such as Critical Illness Payor Benefit Rider Pro (PBCI Pro) for the insured child, so that the child can obtain more comprehensive protection?

- Yes, they can.

11. Will the policy continue to have a cash value after the Payor Benefit (Death) being effective?

- AIA will bear the premium for the policy in order to keep the policy effective and ensure that the insured is under the whole life critical illness protection. The non-guaranteed Annual Dividend (if any) and Terminal Dividend (if any) in the policy will still be distributed.

12. Is the 90 days waiting period also applicable to Benign Extra Benefit and Cover for Undetected Congenital Condition?

- Yes.

13. Can customers apply for Smart Elite Ultra through Date-Back?

- Yes. Maximum period is half year.

14. Anything to pay attention to when entering the information in Proposal Generating System?

- In order to fulfill the age eligibility for policyowner of Payor Benefit (Death), Proposal Generating System will require entering the age of policyowner if the insured is below age 18. Otherwise, the basic plan will not appear in the product selection list.

15. Is Grandfathering Provision applicable to this product?

- Yes it is applicable to the basic plan and Coverage Booster. However, the coverage for Early Stage Critical Illnesses, Severe Child Diseases, Benign Extra Benefit and multiple illnesses protection are not applicable for the Grandfathering Provision.
