Subject: (Ref: A170932) 「多重智倍保」 – 新增首選進行超聲波的化驗所及常見問題
"Smart Elite Ultra" – Newly Added Preferred Provider of Ultrasound and FAQ

自「多重智倍保」推出後，我們接收到不少有關該產品的核保問題。我們現推出一系列的核保常見問題及答案給大家參考。詳情請參閱附件一。

再者，我們亦因應大家的需求，並新增以下公司認可的化驗所為以下的身體狀況進行超聲波測試。

(一) 良性乳房病變:

亞洲醫學診斷中心	Asian Medical Diagnostic Centre
香港仁安醫院	Hong Kong Union Hospital
--	Dr. Roentgen & Partners Medical Imaging Limited
香港婦女影像診斷中心	Hong Kong Women's Imaging

(二) 子宮肌瘤:

博安醫學檢驗中心	Promed Diagnostic Centre Ltd
精確 X 光醫學化驗所	EXACT Medical Laboratory & X-Ray Services
雅博醫學診斷及化驗中心	Alpha Medical Diagnostic & Laboratory Center
東方 X 光檢驗有限公司(澳門)	Centro De Radiologia Oriental LDA (Macau)
科大醫院(澳門)	University Hospital (Macau)

(三) 前列腺特異抗原濃度上升:

香港養和醫院	Hong Kong Sanatorium & Hospital
香港聖保祿醫院	Hong Kong St. Paul's Hospital

請注意，所有超聲波化驗費用須由受保人/申請人支付。

如有任何查詢，請致電營運部熱線(852) 2232-8999 (香港) 或 (853) 8988-1833 (澳門) 或親臨友邦香港大樓、九龍灣 Manhattan Place 或友邦九龍大樓之營運服務中心或澳門營運部查詢。

Memo

附錄一：常見問題

問題 1: 抵港抵澳內地人士推定殘廢條款適用於「多重智倍保」附送之「付款人身故保障」嗎? 此「付款人身故保障」會否計算在殘廢保障每人最高投保額內?

答案 1:不適用。因此項附送之「付款人身故保障」只於保單持有人身故時豁免基本計劃保費。同時「付款人身故保障」不會計算在殘廢保障每人最高投保額內。

問題 2: 如申請人另外投保「付款人保障附加契約 」，需進行正常核保嗎? 推定殘廢條款適用嗎?

答案 2: 需進行正常核保。推定殘廢條款適用於「付款人身故保障附加契約」。

問題 3: 「多重智倍保」提供多重疾病保障及首 10/15 年升級保障，應怎樣計算例行體檢及財務核保要求?

答案 3: 沒有額外倍數去計算人壽及危疾之例行體檢及財務核保要求。

問題 4: 如香港永久性居民身份證持有人現居住在英國，他/她能否購買「多重智倍保」?

答案 4: 可以，詳情請參考《國籍/居留風險評級表》。

營業員專頁 > 營運部 > 核保 > 一般指引 > 國籍/居留風險評級表

問題 5: 如客戶已有單一個細小的單純性乳房囊腫數年，一直有定期複診和進行超聲波檢查。最近一次檢查為上個月，醫生告知情況穩定及不用進行手術，請問她能否購買「多重智倍保」? 她能得到良性病變保障嗎

答案 5:如客戶能提供上述的乳房超聲波報告確認單一個細小的單純性乳房囊腫情況，一般而言危疾產品也能以標準級別受保（即沒有加費或不保事項)。她於第 1 類危疾類別（癌症)下可獲得高達原有保額 300%之保障，而不是 20%原有保額的良性疾病保障。

問題 6: 客戶三年前曾發現左乳房有一個約一厘米之腫瘤，在醫院進行切除手術，被告知為良性纖維瘤。她於兩個月前進行例行乳房超聲波檢查結果完全正常。請問她能否購買「多重智倍保」? 她能得到良性病變保障嗎?

答案 6: 客戶需提交上述的病理化驗報告及超聲波報告作核保參考。如良性乳房纖維瘤已作切除手術及並沒有復發，一般而言危疾產品也能以標準級別受保（即沒有加費或不保事項)。跟問題 5 之客戶一樣，她於第 1 類危疾類別（癌症)下可獲得高達原有保額 300%之保障，而不是 20%原有保額的良性疾病保障。

Memo

問題 7: 如客戶已有朱古力瘤（子宮內膜異位囊腫），她能得到良性病變保障嗎?

答案 7: 朱古力瘤的成因是子宮內膜組織異位生長在卵巢而形成一個囊腫。如客戶能提供近期(六個月以內)之超聲波盆腔報告確定此狀況，一般而言危疾產品也能以標準級別受保（即沒有加費或不保事項)。跟問題 5 及 6 之客戶一樣，她於第 1 類危疾類別（癌症)下可獲得高達原有保額 300%之保障。

問題 8: 如客戶需進行超聲波檢查，請問需要自費嗎?

答案 8: 是，超聲波檢查需客戶自費。

問題 9: 如客戶的健康狀況符合其他良性病變保障之要求，除了他/她的超聲波報告不是於「首選進行超聲波的化驗所」進行，核保部會接受該超聲波報告嗎?

答案 9: 如客戶的超聲波報告不是於「首選進行超聲波的化驗所」進行，核保部會根據在產品資料冊內提及的超聲波報告準則(超聲波乳房、盆腔或前列腺)對該申請作個別評估。

問題 10: 在產品資料冊內關於良性乳房病變之部分，保單繕發時之核保要求第 6 項為 '過往沒有進行過活體組織檢查或外科手術，否則該申請將根據病理報告進行個別評估'。
請問抽針被視作活體檢查嗎? 爲何進行過活體組織檢查或外科手術的個案要作個別考慮?

答案 10: 抽針是活體檢查的一種。
通常醫生若懷疑有惡性狀況或其他測試令至懷疑會有惡性可能，會建議進行活體組織檢查或外科手術。大多數時候當活體檢查為良性病變，醫生也可能建議作其他診斷性之檢查去確定該狀況。
如客戶曾經進行活體組織檢查或外科手術，請提供病理化驗報告及超聲波報告以作核保用途。

問題 11: 請問甲狀腺結節或脂肪肝是否良性病變賠償保障之疾病?

答案11: 甲狀腺結節或脂肪肝並不是良性病變賠償之疾病。營業員同事可參考產品策劃部於2017年6月20日發出「多重智倍保」產品資料冊內關於良性病變保障之部分。

問題 12: 客戶有癌症家族病史，能申請「多重智倍保」嗎?

答案 12: 跟其他人壽及危疾產品一樣，客戶需告知與該家人之關係、列明疾病及該家人之病發年齡作核保考慮。

Memo

Appendix 1: Frequently Asked Question (FAQ)

Question 1: Is 'Presumptive Disability' applicable to 'Payor Benefit (Death)' under "Smart Elite Ultra" for Mainland Chinese visitors? Will 'Payor Benefit (Death)' count under the maximum per life WP & PB limit?

Answer 1: No, as basic plan premium will be waived only if policy owner passes away, thus it will not be counted into maximum per life WP & PB limit.

Question 2: If a policy owner applies additional 'Payor Benefit rider', will he/she need to go through underwriting? Is 'Presumptive Disability' applicable?

Answer 2: Yes, he/she will need to go through normal underwriting and accept cover limited to 'Presumptive Disability' condition.

Question 3: How do you calculate routine medical and financial requirements for "Smart Elite Ultra"? As it offers multiple CI coverage and Coverage booster in first 10/15 Policy years.

Answer 3: There is no multiplying factor in calculating total sum assured for life and critical illness cover.

Question 4: Can Hong Kong permanent ID card holder residing in UK apply for "Smart Elite Ultra"?

Answer 4: Yes, he/she can. For details please refer to "Nationality/ Residence Rating Table" under Agency Corner.
Agency Corner > Services and Operations Department > Underwriting > General Guidelines > Nationality/ Residence Rating Table

Question 5: A proposed insured has been having a small size simple breast cyst for few years and under regular follow up ultrasound monitoring. Latest ultrasound was done 1 month ago, and she was told by her doctor that the condition has been stable and surgery or biopsy not required.
Can she apply for "Smart Elite Ultra"? Will she be eligible for Benign Extra Benefit?

Answer 5: In general, if she can provide the ultrasound breasts report as mentioned above and confirmed a case of small simple breast cyst, CI can be offered at standard rate and without exclusion.
She will be entitled to full cancer protection (up to a maximum of 300% of the initial sum assured under Critical Illness Group 1 (Cancer)), instead of 20% of the initial sum assured under Benign Extra Benefit.

Memo

Question 6: Proposed insured had surgical removal of a 1cm left breast tumour 3 years ago and was told to be a benign fibroadenoma. She had a routine ultrasound breasts done 2 month ago showing normal result. Can she apply "Smart Elite Ultra"? Will she be eligible for the Benign Extra Benefit?

Answer 6: In general, if the benign breast fibroadenoma have been excised, CI can be offered at standard rate and without exclusion. The proposed insured has to submit the pathological report and ultrasound breasts report for underwriting assessment. Similar to the client as mentioned under Question 5, she will be entitled to full cancer protection (up to a maximum of 300% of the initial sum assured under Critical Illness Group 1 (Cancer)), instead of 20% of the initial sum assured under Benign Extra Benefit.

Question 7: If a proposed insured has a chocolate cyst (endometriotic cyst), will she be eligible for Benign Extra Benefit?

Answer 7: Chocolate cyst is formed due to endometrial tissue presence in the ovaries (endometriosis).
Standard rate (without exclusion) can be considered for CI if the condition can be confirmed by an updated ultrasound pelvis report (done within past 6 months),
Similar to the client as mentioned under Question 5 & 6, she will be entitled to full cancer protection (up to a maximum of 300% of the initial sum assured under Critical Illness Group 1 (Cancer)), instead of 20% of the initial sum assured under Benign Extra Benefit.

Question 8: If proposed insured need to perform ultrasound, is the ultrasound test at own cost?

Answer 8: Yes, the ultrasound test will be at client's own cost.

Question 9: If a proposed insured has fulfilled all other criteria of 'Underwriting criteria at policy issue' for Benign Extra Benefit, except her own ultrasound test was not done at one of the 'Preferred provider of ultrasound', will underwriter accept her own ultrasound report?

Answer 9: Ultrasound report not performed by one of the preferred provider of ultrasound will be assessed on a case by case basis, subject to 'USG criteria of both breasts/ USG criteria of pelvis (for uterine fibroid) and USG criteria of prostate' (please refer to product launch pack for details).

Memo

Question 10: Referring to the launch pack, Point 6 under the section of 'Underwriting criteria at policy issue – Benign Breast Disorder', it mentioned that 'No previous biopsy or surgical procedure has been done, otherwise will be assessed on case by case basis depending on the pathology report'.

Is fine needle aspiration considered as biopsy? Why such applications need to be considered on case by case basis?

Answer 10: Fine needle aspiration is considered as biopsy. If biopsy or surgical procedure was performed, it is most likely the doctor is suspecting the nature of the growth and cannot rule out malignancy. . Most of the time when a biopsy result showing benign condition, doctors may also suggest other diagnostic procedures to confirm the conditions presenting.
If biopsy or surgical procedure was done, please provide the pathological report and ultrasound report for underwriting assessment.

Question 11: Is thyroid nodule or fatty liver covered under the Benign Extra Benefit?

Answer 11: Thyroid nodule or fatty liver are not in-scope condition for Benign Extra Benefit. Please refer to product launch pack for details of covered conditions under Benign Extra Benefit.

Question 12: A proposed insured has family history of cancer, can he/she apply for "Smart Elite Ultra"?

Answer 12: Same as other life and CI product, the proposed insured need to declare the relationship with the family member, exact disease (e.g. type of cancer) and onset age of the family member diagnosed with cancer.
