Subject:	(Ref: A180803)	**市場產品資訊速遞 – 即期年金及延期年金 Market Product Information Express: Immediate Annuity and Deferred Annuity**	

七月初，香港按揭證券有限公司附屬之香港年金公司公佈了認購「香港年金計劃」之詳情，而認購程序於近日亦已正式展開。這段期間，年金話題在網上熱議，不難發現市民對年金產品有不少誤解。其實年金產品主要分為兩大類型，分別為即期年金及延期年金，我們將會在以下分析此兩類年金產品的特點並提供市場比較。

即期年金及延期年金的最大分別在於收取年金的時間性。就前者而言，當受保人繳付保費後，在短時間內（例如一個月或一年後）便立即開始有年金收入。後者則剛好相反，當受保人繳付保費後，該金額會透過一段相對長時間累積，如十年或十五年不等，才開始有年金派發。

近期最受注目的即期年金相信是「香港年金計劃」，市民對其評價好壞參半，更有不少人誤會此產品與定期儲蓄類似，把年金當作「收息」。事實上，「香港年金計劃」是一個保險產品，作為整付保費的本金亦不能取回，而且提早退保更可能會為投保人帶來財務損失。以下整合了一個「香港年金計劃」簡介供大家參考，在需要時可回應客戶的查詢：

- 保費繳付期：整付保費 (5萬–100萬港元)
- 年金期：在繳付整付保費後第一個月開始，每月提取年金直至百年歸老，每月年金不可積存生息
- 年金率：相等於一年的年金總額除以整付保費的百分比，**並不等於回報率**（有關回報率請詳看下一頁之比較）。以65歲受保人為例，男女的保證年金率分別為6. 96%及6. 36%，換句話說，如整付保費為100萬港元，每月之年金相等於5, 800港元（男）/5, 300港元（女）
- 回報：「香港年金計劃」提供終身年金，受保人越長壽保證回報便會越高，反之亦然。根據下一頁之比較，如果投受人在第5年身故，保證身故賠償只有整付保費的**88%**
- 退保價值/身故賠償：在保證期（即保費繳付日至累積年金金額達至整付保費105%的期間）內有退保價值/身故賠償，期後便沒有。退保價值及一筆過身故賠償均相等於保證現金價值，如在保證期內身故，累積年金金額及一筆過身故賠償之總和有可能會少於整付保費。除了一筆過收取，受益人可以選擇收取餘下未派發之年金直至累積年金金額達到整付保費的105%

Memo

友邦架上亦有為人熟悉的即期年金 –「活出精彩」入息計劃，屬於較早期滿之年金產品。回報方面，與「香港年金計劃」及市場上最新之即期年金產品作比較，「活出精彩」入息計劃相當有競爭力：

(假設受保人為 65 歲非吸煙男性；已付保費總和 1,000,000 港元；入息支取方法: 現金提取)

有顏色的地方代表友邦的「活出精彩」入息計劃更具競爭力

Memo

對於年紀較輕，想預早儲蓄為將來退休作準備的客戶，即期年金未必能配合他們的需要。反之，延期年金便能發揮作用，透過時間將今天的資本累積及滾大，他日需要時再收取年金。平均人口壽命不斷增加，如果年輕時未有做好足夠準備，安排退休後的收入，長命百歲隨時會變成一種負擔。所以，市面上較多人關注的延期年金產品都有相對長的年金期。以友邦的「年金寶」入息計劃為例，年金期最長可以達受保人的 110 歲。市面上最近亦有兩款延期年金推出，而在以下比較中，友邦之產品的回報在大部分保單年度都較優勝：

(假設受保人為 40 歲非吸煙男性；已付保費總和 72,000 美元；入息支取方法: 現金提取)

客戶助銷配套及前線營銷支援

為配合同事於今季重點銷售年金產品及了解客戶的需要，我們會製作一系列客戶群主導的助銷配套，包括客戶助銷工具、銷售錦囊及 Step Up Express 等，務求讓財務策劃顧問更容易掌握退休策劃銷售重點，輕鬆與客戶展開話題並了解他們的需要，持續提升銷售業績。
上述的助銷配套將於 8 月中旬上載於營業員專頁，敬請留意。

Memo

總括而言，不同設計的年金產品可以配合不同類型客戶之財務需要，只要選擇得宜，年金無疑可以減輕客戶退休時的部分財政負擔。

最後，如欲了解有關「活出精彩」入息計劃 及「年金寶」入息計劃與更多其他市場上之年金產品的比較，請參閱通告 A180709。

如有任何疑問，請透過營業經理致電產品熱線 (852) 3108 1638 (香港) 或 (853) 8988 1833 (澳門) 查詢。

註:

1 友邦「活出精彩」入息計劃及萬記萬 X 即享年金以美元為保單貨幣，列表內之數字假設兌換率為 1 美元:8 港元。

2 萬記萬 X 即享年金的保單價值乃根據假設折讓率而計算，而該折讓率並非保證。另外，此計劃之年金金額在保單簽發前並非保證，一切以保單簽發時之有效的金額為準。

3 友邦「活出精彩」入息計劃及香港年金公司之香港年金計劃的身故賠償假設以一筆過方式支付予受益人。萬記萬 X 即享年金的身故賠償側假設受益人繼續收取餘下未支付的每月入息直至總額相等於已付保費總和的 125%，此乃該計劃唯一之身故賠償支付方式。

4 保證身故賠償包括任何已支取的保證每年入息而預期總身故賠償則包括任何已支取的每年總入息。

5 友邦「年金寶」入息計劃於入息期開始時，會派發一筆保證現金，此金額已計算於保證身故賠償、預期總身故賠償、保證回報及預期總回報內。現金提取入息支取方法假設保單之週年紅利會儲存於本公司積存生息（如有）至入息期完結，而保證現金、保證每月入息及非保證每月入息乃假設於公佈後即時以現金提取。

6 萬記萬 X 終身年金的保單價值乃根據假設派息率 4.5%而計算，而該派息率並非保證。在入息期開始後，此計劃不再有任何賬戶價值而其預期總身故賠償只包括任何已支取的每年總入息。所以，此計劃的預期總身故賠償於第 30 個保單年度顯著下跌。

"We", "AIA" or "AIA Hong Kong" or "the Company" herein refers to AIA International Limited (Incorporated in Bermuda with limited liability).

Memo

Earlier in July, HKMC Annuity Limited, the subsidiary owned by Hong Kong Mortgage Corporation, has announced the subscription details of the Hong Kong Annuity Plan, and the subscription process has begun few days ago. Annuity has become a hot topic on the internet recently, and it is observed that fellow citizens do have some misunderstanding about annuity products. In fact, annuity products can be divided into two groups, namely Immediate Annuity and Deferred Annuity. In the following, we will provide analysis as well as market comparison on these two types of annuities.

The major difference between Immediate Annuity and Deferred Annuity is the timing of receiving the annuity income. For the former, after paying the premium, annuity income will begin in a relatively short period (e.g. in a month or a year). For the latter, after premium is paid, such amount will be accumulated over a relatively long period, such as 10 or 15 years, before the annuity income starts.

The most discussed Immediate Annuity recently should the Hong Kong Annuity Plan, with mixed reviews among the public, some of which have mistaken the plan as time deposit, thinking the annuity income is a form of "interest". In fact, the Hong Kong Annuity Plan is an insurance product, the capital paid as Single Premium cannot be retrieved. Also, early surrender could lead to financial loss. Below is a high level summary of the Hong Kong Annuity Plan for reference in case you come across customer enquiries:

- Premium Payment Term: Single Premium (HK$50,000 – HK$1,000,000)
- Income Period: Begins one month after paying the Single Premium, with monthly payout until the Insured passes away, no accumulation of monthly annuity is allowed
- Annuity Rate: Equivalent to the percentage by dividing a year's total monthly payout with the Single Premium, and is **different from IRR** (for IRR, please refer to the comparison on the next page). For an Insured of age 65, the guaranteed annuity rates of male and female are 6.96% and 6.36% respectively. In other words, if the Single Premium is HK$1,000,000, the monthly payout amount will be HK$5,800 (male) HK$5,300 (female)
- Return: the Hong Kong Annuity Plan offers annuity for a life time, the longer the Insured lives, the higher the guaranteed return, and vice versa. According to the comparison on the next page, if the applicant passes away during the 5th year, the death benefit is only **88%** of the Single Premium
- Surrender Value/ Death Benefit: Available within the Guaranteed Period (which is the time between the premium is paid and the day the accumulative annuity amount equals 105% of the Single Premium) and none thereafter. Both Surrender Value and lump sum Death Benefit are equivalent to the Guaranteed Cash Value, if death occurs within the Guaranteed Period, the sum of accumulative annuity and lump sum Death Benefit may be less than the Single Premium. Other than in the form of lump sum, the beneficiary can choose to continue receiving the unpaid annuity until the accumulative annuity amount equals 105% of the Single Premium

In fact, AIA also has Immediate Annuity product familiar to the public, namely the Spring Income Plan, which matures in a relatively shorter period. In terms of return, the Spring Income Plan is competitive when compared against the Hong Kong Annuity Plan and another new Immediate Annuity product launched in market:

"We", "AIA" or "AIA Hong Kong" or "the Company" herein refers to AIA International Limited (Incorporated in Bermuda with limited liability).
「我們」、「AIA」、「友邦」、「本公司」或「友邦香港」是指友邦保險(國際)有限公司(於百慕達註冊成立之有限公司)。

Memo

For younger customers who would like to prepare early for retirement, Immediate Annuity may not be the best type of product to suit their needs. On the opposite, Deferred Annuity will be more appropriate. This type of product can accumulate and grow today's capital, turning it into annuity payments in future times. The average life expectancy has been on an uptrend, if preparation for retirement income is not made at younger age, longevity will become a burden rather than a blessing. This could explain why popular Deferred Annuity products in the market have longer Income Period. Take AIA's Golden Years Income Plan as example, the Income Period can be up to age 110 of the Insured. Recently, two new Deferred Annuity products were launched in the market, according to the below comparison, AIA's product has more competitive IRR in most Policy Years:

(Assuming Insured is an aged 40 non-smoking male;
Total Premiums Paid=US$72,000; Payout Option: Cash)

Coloured cells indicate AIA's Golden Years Income Plan is more competitive

Memo

boost up the business momentum. Materials will be available at Agency Corner in mid-August. Stay tuned.

To conclude, different types of Annuity products can cater for financial needs of various customer segments, if chosen appropriately, Annuity will undoubtedly help to ease part of the financial burden at retirement.

Last but not least, for detailed comparison between Spring Income and Golden Years Income Plan with other annuity products in the market, please refer to memo A180709.

Thanks for your attention. If you have any queries, please call our hotline at (852) 3108 1638 (Hong Kong) or (853) 8988 1833 (Macau) via agency leaders.

Remarks:

[1] AIA's Spring Income Plan and XMutual's XY Xifetime Xmmediate Xnnuity are both denominated in USD, the above figures are calculated based on exchange rate of USD1:HKD8

[2] All policy values of XMutual's XY Xifetime Xmmediate Xnnuity are determined based on the current assumed discounted rate and such rate is not guaranteed. Also, the annuity amount of this plan is not guaranteed prior to Policy issue, the amount upon Policy issue will be taken as final.

[3] AIA's Golden Years Income Plan and HKMC's Hong Kong Annuity Plan's Death Benefit are assumed to be paid in a lump sum to the beneficiary. For XMutual's XY Xifetime Xmmediate Xnnuity's Death Benefit, the beneficiary will continue to receive the unpaid monthly income until the total income amount is equivalent to 125% of total premiums paid, which is the only Death Benefit payout option of the plan.

[4] Guaranteed Death Benefit includes any Guaranteed Annual Income that has been withdrawn whilst Projected Total Death Benefit includes any Total Annual Income that has been withdrawn.

[5] AIA's Golden Years Income Plan will distribute a Guaranteed Cash Payment at the start of the Income Period. This amount has been included in the Guaranteed Death Benefit, Projected Total Death Benefit, Guaranteed IRR and Projected Total IRR. Cash Payout Option assumes the Annual Dividends of the Policy are left with AIA to accumulate interest (if any) until the end of the Income Period, while the Guaranteed Cash Payment, Guaranteed Monthly Income and Non-Guaranteed Monthly Income are withdrawn immediately once declared.

[6] All policy values of XMutual's XY Xifetime Xnnuity are accumulated under the current assumed crediting interest rate 4.5% and such rate is not guaranteed. After the start of the Income Period, there will be no more Account Value under this plan and the Projected Total Death Benefit will only include any Total Annual Income that has been withdrawn. Thus, the Projected Total Death Benefit has significantly dropped at the 30th Policy Year.

Best regards,

Felix Fung
Product Strategy and Management Department

Market Product Comparison Remarks & Disclaimer

The above analysis and comparisons are made on the assumption that no withdrawal nor policy loans, if applicable, have been taken out throughout the policy years and that all premiums are paid in full when due. 'Guaranteed Cash Value' means guaranteed cash value plus guaranteed annual income (if any) (excluding interest)/ guaranteed monthly income (if any) (excluding interest). 'Total Cash Value' means guaranteed cash value plus accumulated guaranteed annual income (if any) with any interest/ accumulated guaranteed monthly income (if any) with any interest, non-guaranteed cash value of Reversionary Bonus (if any)/ non-guaranteed Annual Dividends accumulation (if any) with any interest and non-guaranteed cash value of Terminal Dividend (if any)/ non-guaranteed Terminal Bonus (if any). Above value of 'Guaranteed IRR' is calculated based on the Guaranteed Cash Value and the total premium paid of the relevant policy years; the value of 'IRR' is calculated based on Total Cash Value and the total premium paid of the relevant policy years. 'Guaranteed Breakeven Year' is the policy year at the end of which Guaranteed Cash Value is greater than or equal to the total premium paid for the first time. 'Total Breakeven Year' is the policy year at the end of which the Total Cash Value is greater than or equal to the total premium paid for the first time. 'Total Death Benefit' may differ for different products. All non-guaranteed bonuses aforesaid are subject to the experience of the products such as investment returns, claims, surrender and expenses.

AIA does not guaranteed the accuracy and completeness of the comparison information as the above analysis and comparisons made by the Company are based on other company's proposal and product information on the internet in July 2018. As the nature and/or characteristic of the relevant plans may be different, different age groups and/or premium amounts may generate different projected results. The compared information are based on specific scenarios only. All information is subject to change at any time without notice. AIA does not bear any liability for any errors and omissions.

This is an internal document and intended for reference only. You must not disseminate, distribute, and circulate to any third parties (including customer or potential customer). The product recommendation should be based on customer's needs according to the results of his or her needs analysis (e.g. Financial Needs Analysis).

"We", "AIA" or "AIA Hong Kong" or "the Company" herein refers to AIA International Limited (Incorporated in Bermuda with limited liability).
