附件: 常見問題

有關保單價值及基本計劃	
1.	**為什麼於行使貨幣轉換選項後，保單價值（包括保證及非保證金額）會有機會高於或低於原有保單貨幣下之保單價值？**
	保單價值（包括保證及非保證的保單價值及任何將來的保費）有可能按照原有計劃及新計劃（如適用）及原有保單貨幣及新保單貨幣、新舊資產組合的投資收益和資產價值及/或由現有資產轉移至新資產之交易之差別而調整，並有可能低於或高於轉換前之相應價值。詳情請參閱通告 A240309 及此部分第二條常見問題。 請參閱貨幣轉換選項一覽表中以我們酌情決定的當時貨幣兌換率計算的新保單價值。

2.	**行使貨幣轉換選項後，為何保證價值與非保證價值的比率、基本金額及年繳保費等可能與行使貨幣轉換選項前的不同？**
	於行使貨幣轉換選項後，原有計劃會轉換至盈御系列內提供所選擇的保單貨幣之最新計劃。然而轉換後的計劃的產品特點（例如保障、保單條款及條件、投資策略、目標資產組合及相關投資回報和限制等因素）可能與原有計劃有顯著差別。因此行使貨幣轉換選項後，保證價值與非保證價值的比率、基本金額及年繳保費可能會有所不同。您可參考以下例子： **例子 1：** 現有保單貨幣及計劃: **GP1**, 美元 轉換後之保單貨幣及計劃: **GP3**, 人民幣 5 年保費繳付期, 年繳保費, 每年保費 100,000 美元, 於第 3 個保單年度終結後並繳付到期及應付保費後, 行使貨幣轉換選項 假設於第 3 個保單年度終結後，客户於繳付到期及應付保費後行使貨幣轉換選項。假設不考慮資產市場價值升跌，總現金價值（TCV）*將會根據行使貨幣轉換選項時的市場兌換率^，由現有保單貨幣（美元）轉換至新保單貨幣（人民幣），然後會使用新保單貨幣之總現金價值（TCV）計算出於新保單貨幣及/或新計劃下之基本金額及年繳保費，其後 TCV 會按照轉換後之保單貨幣（即「盈御多元貨幣計劃 3」人民幣保單）及/或計劃於相應保單年度（第 3 個保單年度）之保單價值，分拆成轉換後之保證現金價值（GCV）及非保證現金價值（NGCV）。當行使貨幣轉換選項後，由於保單價值之轉換，保證現金價值、基本金額及年繳保費很保證現金價值很大機會有所改變。我們保留權利決定轉換後的 GCV 及 NGCV 之百份比。

於第 3 個保單年度終結後

註：保單的總現金價值會因應保單價值的累積而不時波動，下列所示之總現金價值為第 3 個保單週年日後的第 1 天的價值，並只用作顯示不同計劃及 / 或貨幣的保證與非保證現金價值比率、基本金額及年繳保費改動改動。此例子只作參考之用。實際的總現金價值會因應客戶的保單細節（例如保費繳付期、繳付方式、轉換前及轉換後之保單貨幣等）有所不同，並以貨幣轉換選項一覽表上的價值為準。由於需要將金額調整至千位數，下列保證現金價值及非保證現金價值的總和或會與總現金價值稍有出入。行使貨幣轉換選項後，將來的保單價值可能顯著調整（較高或較低），詳情請參閱貨幣轉換選項一覽表中以我們酌情決定的當時貨幣兌換率計算的新保單價值。。

保單價值	計劃：GP1 保單貨幣：美元		計劃： GP3 保單貨幣：人民幣	計劃：GP3 保單貨幣：人民幣 (相等金額之美元)^
基本金額	1,028,000	→	5,273,000	879,000
年繳保費	100,000 （行使貨幣轉換選項前之年繳保費）	→	515,000	86,000 （行使貨幣轉換選項後之年繳保費）
保證現金價值	111,000	→	449,000	75,000
非保證現金價值 (復歸紅利及終期分紅)	72,000	→	654,000	109,000
總現金價值	184,000	→	1,103,000	184,000

* 假設沒有行使紅利及分紅鎖定選項、紅利及分紅解鎖選項及保單分拆選項。如紅利及分紅鎖定選項於行使貨幣轉換選項前曾被行使, 紅利及分紅鎖定戶口價值將參照當時市場匯率而轉換, 並不會透過保單價值調整處理

^ 此例子假設行使貨幣轉換選項時的市場兌換率為 **1 美元: 6 人民幣**, 與實際行使貨幣轉換選項時的市場兌換率**或可能有所不同**。

例子 2：

現有保單貨幣及計劃: GP1, 人民幣

轉換後之保單貨幣及計劃: GP3,歐元

5 年保費繳付期, 年繳保費, 每年保費 100,000 人民幣, 於第 3 個保單年度終結後並繳付到期及應付保費後, 行使貨幣轉換選項

假設除了 GP1 的保單貨幣（人民幣）及即將轉換至 GP3 的保單貨幣（歐元）以外，其他因素均與例子 1 一樣，貨幣轉換的操作會如例子 1 一樣，首先轉換總現金價值（TCV）*，並計算出於新保單貨幣及/或新計劃下之基本金額及年繳保費，然後再將 TCV 分拆成保證現金價值以及非保證現金價值。

於第 3 個保單年度終結後

註：保單的總現金價值會因應保單價值的累積而不時波動，下列所示之總現金價值為第 3 個保單週年日後的第 1 天的價值，並只用作顯示不同計劃及 / 或貨幣的保證與非保證現金價值比率、基本金額及年繳保費改動或貨幣的保證與非保證現金價值比率改動。此例子只作參考之用。實際的總現金價值會因應客戶的保單細節（例如保費繳付期、繳付方式、轉換前及轉換後之保單貨幣等）有所不同，並以貨幣轉換選項一覽表上的價值為準。由於需要將金額調整至千位數，下列保證現金價值及非保證現金價值的總和或會與總現金價值稍有出入。行使貨幣轉換選項後，將來的保單價值可能顯著調整（較高或較低），詳情請參閱貨幣轉換選項一覽表中以我們酌情決定的當時貨幣兌換率計算的新保單價值。

保單價值	計劃：GP1 保單貨幣：人民幣		計劃： GP3 保單貨幣：歐元	計劃：GP3 保單貨幣：歐元 (相等金額之人民幣)^
基本金額	1,018,000	→	128,000	1,027,000
年繳保費	100,000 （行使貨幣轉換選項前之年繳保費）	→	13,000	101,000 （行使貨幣轉換選項後之年繳保費）
保證現金價值	130,000	→	8,000	68,000
非保證現金價值 (復歸紅利及終期分紅)	67,000	→	16,000	129,000
總現金價值	197,000	→	25,000	197,000

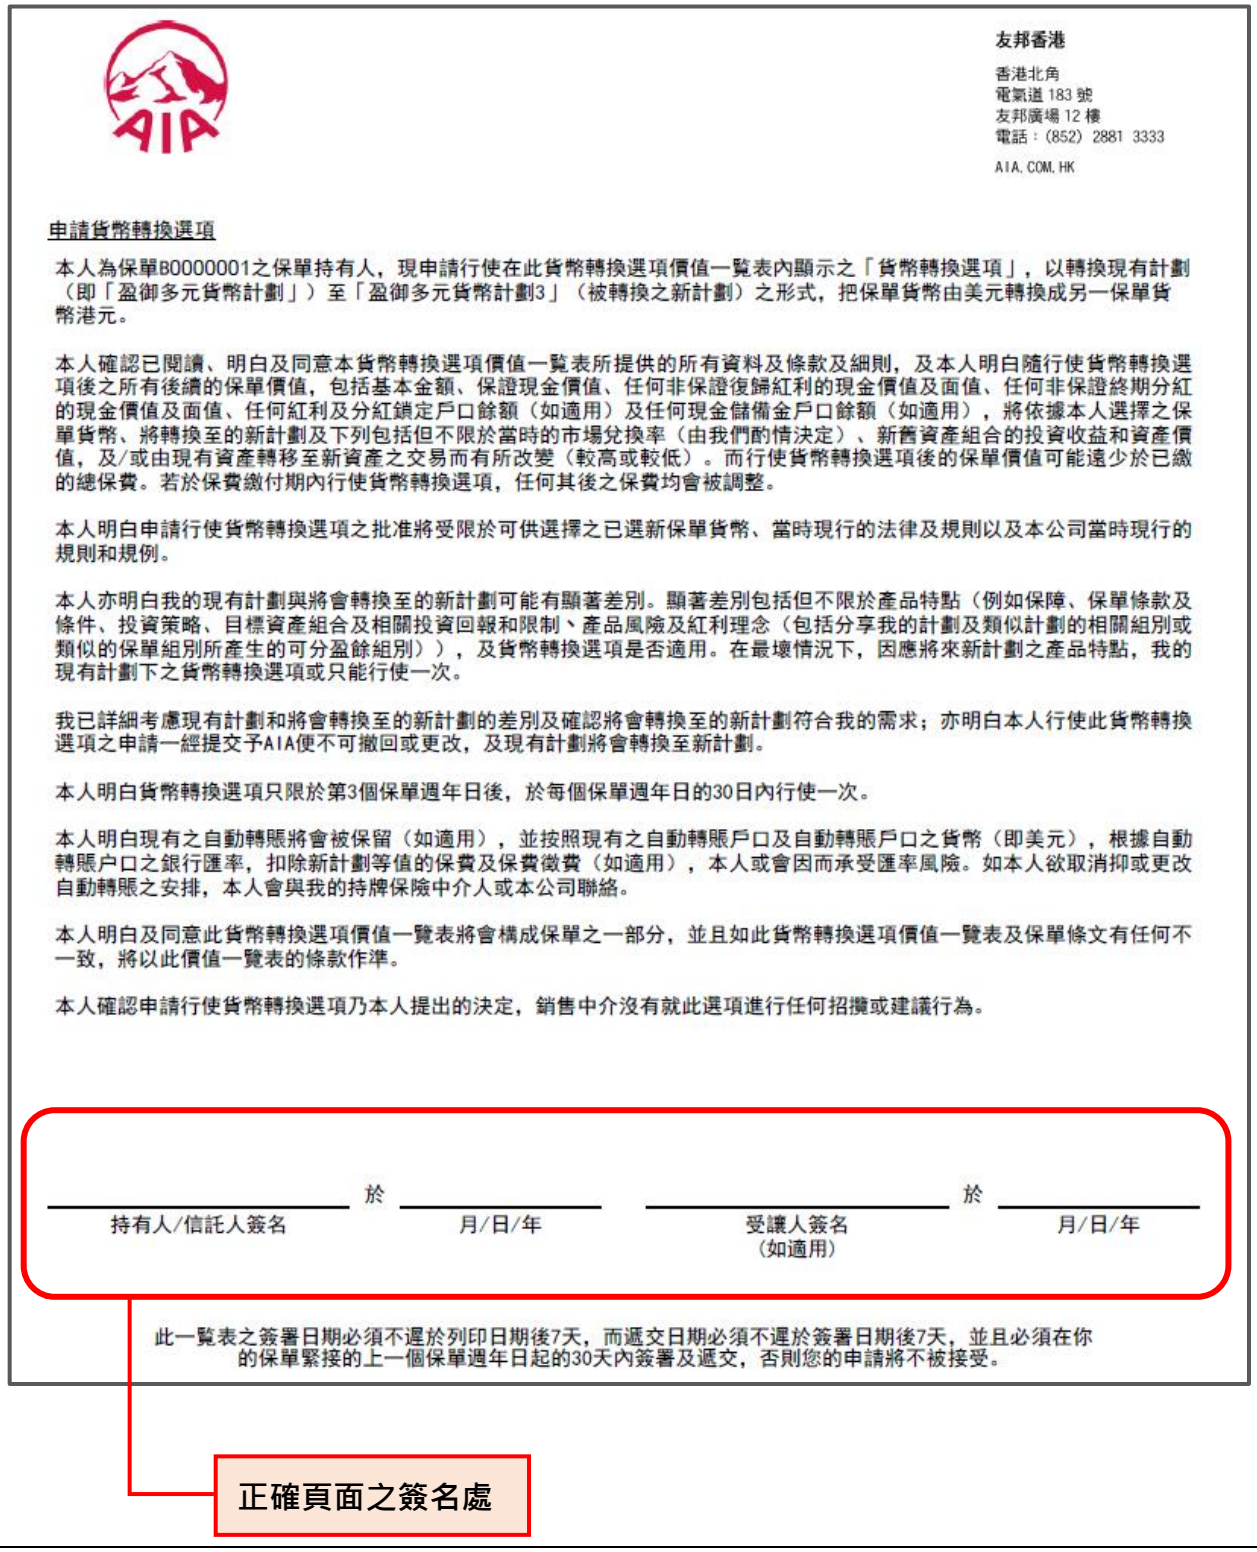

* 假設沒有行使紅利及分紅鎖定選項。如紅利及分紅鎖定選項於行使貨幣轉換選項前曾被行使, 紅利及分紅鎖定戶口價值將參照當時市場匯率而轉換, 並不會透過保單價值調整處理

^ 此例子假設行使貨幣轉換選項時的市場兌換率為 **8 人民幣: 1 歐元**, 與實際行使貨幣轉換選項時的市場兌換率**或可能有所不同**。

由以上兩個例子可見，行使貨幣轉換選項後，保單的基本金額、保證現金價值、保單將來到期及應支付的保費（如有）以及復歸紅利和終期分紅的面值和現金價值將會按照新保單貨幣、新計劃（如適用）及不同因素計算決定及調整（增加或減少）。當行使貨幣轉換選時，客戶應仔細評估現有計劃及當時盈御系列內最新可供轉換之計劃的產品間之差別，並考慮相關產品是否符合客戶的個人需要。

其他	
1.	**客戶應在貨幣轉換選項一覽表（即貨幣轉換選項之申請表）上哪裏簽署?**

若客戶選擇了以英文編印貨幣轉換選項，客戶應在英文版本的貨幣轉換選項一覽表上簽名；如果客戶選擇了中文，反之亦然。如客戶在帶有“Reference only”水印的貨幣轉換選項一覽表上簽署，我們**不會**接受其貨幣轉換選項之申請。客戶必須在貨幣轉換選項一覽表的正確頁面（不含“Reference only”水印）上簽署以申請貨幣轉換選項。

我已詳細考慮現有計劃和將會轉換至的新計劃的差別及確認將會轉換至的新計劃符合我的需求；亦明白本人行使此貨幣轉換選項之申請一經提交予AIA便不可撤回或更改，及現有計劃將會轉換至新計劃。

本人明白貨幣轉換選項只限於第3個保單週年日後，於每個保單週年日的30日內行使一次。

本人明白現有之自動轉賬將會被保留（如適用），並按照現有之自動轉賬戶口及自動轉賬戶口之貨幣（即美元），根據自動轉賬户口之銀行匯率，扣除新計劃等值的保費及保費徵費（如適用），本人或會因而承受匯率風險。如本人欲取消抑或更改自動轉賬之安排，本人會與我的持牌保險中介人或本公司聯絡。

本人明白及同意此貨幣轉換選項價值一覽表將會構成保單之一部分，並且如此貨幣轉換選項價值一覽表及保單條文有任何不一致，將以此價值一覽表的條款作準。

Request for Currency Exchange Option

I, the policyowner of Policy B0000001, hereby request to exercise the Currency Exchange Option to change the policy currency US$ to another policy currency HK$ i.e. the policy currency as illustrated in this Currency Exchange Option Illustration, by exchanging the existing plan (i.e. GLOBAL POWER MULTI-CURRENCY PLAN) to GLOBAL POWER MULTI-CURRENCY PLAN 3 (new plan to be exchanged).

I confirm having read, understood and agree to all the information and terms and conditions contained in this Currency Exchange Option Illustration and understand that all subsequent policy value including the Principal Amount, Guaranteed Cash Value, any cash value and face value of non-guaranteed Reversionary Bonus and non-guaranteed Terminal Bonus, any remaining balance in the Bonus Lock-in Account (if applicable) and any remaining balance of Future Premium Deposit Account (if applicable) will be adjusted (either positive or negative) after the exercise of Currency Exchange Option according to my policy currency choice, the new plan to be exchanged and factors including but not limited to the prevailing market-based currency exchange rate (determined by us in our discretion), the investment yield and asset values of the existing and new underlying portfolio of assets, and/or the transactions from the existing to new assets. The amount of policy value after exercising the Currency Exchange Option may be considerably less than the total amount of premiums paid. Any future premiums will be adjusted if this Currency Exchange Option is exercised within the premium payment term.

I understand that the approval of my application to exercise the Currency Exchange Option will be subject to the availability of the Newly Selected Policy Currency, the prevailing laws and regulations and the Company's prevailing rules and conditions.

I also understand that there could be material differences between my existing plan and the new plan to be exchanged. Material differences include but not limited to product features (i.e. benefits, policy terms and conditions, investment strategy, target asset mix, relevant investment return and limitation, product risks and bonus philosophy (including the grouping of sharing of divisible surplus earned from my plan and related groups of similar plans or similar group of policies)); and the availability of Currency Exchange Option, and in a worst case scenario, it may only be a one-time option under my existing plan depending on the features of the new plan to be exchanged.

I have evaluated the differences between the existing plan and the new plan to be exchange and confirm the new plan to be exchanged suits my needs; and I understand my application to exercise the Currency Exchange Option cannot be withdrawn or changed once it is submitted to AIA, and the existing plan will be converted to new plan.

I understand that the exercise of Currency Exchange Option shall be limited to one time per policy year within 30 days after each policy anniversary, from the end of the 3rd policy year onwards.

I understand that the existing autopay arrangement (if applicable) will be remained unchanged and the equivalent premium and levy (if applicable) of the new plan will be deducted in currency of your existing autopay bank account (i.e. US$) according to the bank's exchange rate and that I may thus face exchange rate risk. If I would like to cancel or change my autopay arrangement, I will contact my licensed intermediary or the Company.

I understand and agree that this Currency Exchange Option Illustration will form a part of the Policy, and in case of any inconsistency between this Currency Exchange Option Illustration and the policy provisions, the terms in this illustration shall prevail.

I confirm the decision of applying to exercise the Currency Exchange Option was made on my own initiative, there was no solicitation nor recommendation carried out by any sales intermediary.

2.	**在客戶考慮是否行使貨幣轉換選項的過程中，營業員應如何向客戶提出建議以幫助他們做決定？**
	行使貨幣轉換選項與否及貨幣的選擇全屬客户的決定。AIA 及其營業員不應予是否行使貨幣轉換選項或貨幣選擇上提供任何建議。

3.	**營業員可以在客戶確認行使貨幣轉換選項前下載及編印另一份貨幣轉換選項一覽表嗎？如果可以，該更新版本的一覽表會否取代舊的版本？**
	可以。營業員可以在客戶確認行使貨幣轉換選項前下載及編印一份更新的貨幣轉換選項一覽表。然而，於行使貨幣轉換選項的申請獲批准後，保單價值及貨幣會參考已簽署及遞交的一覽表轉換。換言之，假設客戶分別於 2024 年 9 月 1 日及 2024 年 9 月 5 日編印了一覽表，他其後簽署及遞交了於 2024 年 9 月 1 日編印的一覽表，於行使貨幣轉換選項的申請獲批准後，保單價值便會參考於 9 月 1 日編印的一覽表而轉換。 已下載的一覽表將於保單查詢系統（PES）保留 7 日。其後，該一覽表會被刪除並需重新下載。

Appendix – Frequently Asked Questions

Related to policy values and basic plan	
1.	**After exercising Currency Exchange Option, why might the policy values (including both guaranteed and non-guaranteed values) become higher or lower than the policy values under original policy currency?**
	The policy values (including guaranteed and non-guaranteed policy values and any future premiums) may be adjusted according to the difference between original plan and new plan (if applicable) and original policy currency and new policy currency, the investment yield and asset values of the existing and new underlying portfolio of assets, and/or the transactions from the existing to new assets, and may be lower or higher than the corresponding values before the exchange. For details, please refer to memo A240309 and the 2nd question under this section. Please refer to the Currency Exchange Option Illustration with new policy values calculated based on the prevailing market-based currency exchange rate determined by us at our sole discretion.

2.	**After exercising Currency Exchange Option, why may the ratio of guaranteed value to non-guaranteed value, Principal Amount and Annual Premium, etc. differ to their respective values before exercising Currency Exchange Option?**
	After exercising Currency Exchange Option, original plan will be converted to the latest plan under Global Power Series in the designated policy currency. However, product features (such as benefits, policy terms and conditions, investment strategy, target asset mix and relevant investment return and limitation) of the plan after conversion may have material difference with the original plan. Therefore, after exercising Currency Exchange Option, the ratio between guaranteed and non-guaranteed values, principal amount and annual premium may be different. You may refer to the below examples: **Example 1:** Existing Policy Currency: **GP1**, USD New Policy Currency: **GP3**, RMB 5 Pay, Annual Premium US$100,000, Exercising Currency Exchange Option at the end of policy year 3 after paying the premiums due and payable Assume the customer exercises the Currency Exchange Option after **3rd Policy Year** after paying the premiums due and payable and thethere is no rise or fall in asset value is not taken into consideration, the Total Cash Value (TCV)* will be converted from existing policy currency (USD) to new policy currency (RMB) at the prevailing exchange rate at the time of exercising Currency Exchange Option^, and then the TCV in the New Policy Currency after conversion will be used to calculate the principal amount and annual premium under new policy currency and/or new plan. After that, Guaranteed Cash Value (GCV) and Non-Guaranteed Cash Value (NGCV) of the policy will be calculated according to the policy value of New Policy Currency (i.e. Global Power Multi-Currency Plan 3 (RMB version)) and/or future new plan under the Global Power Series at the time of applying for Currency Exchange Option. The percentage of GCV to NGCV after the conversion is subject to our discretion. After exercising the Currency Exchange Option, the GCV, principal amount and annual premium will probably be changed due to conversion of policy values.

After the end of policy year 3

Remarks: The TCV of the policy will fluctuate from time to time with reference to the accumulation of the policy value. The TCV shown below is the value on the first day after the 3rd policy anniversary and is only for illustrating the ratio change of guaranteed and non-guaranteed values, the change of principal amount and the change of annual premium across different plans and/or currencies. This example is for reference only. The actual TCV will vary with reference to the policy information (such as premium payment term, payment frequency, policy currency before and after exchange etc.). The values in the Currency Exchange Option Illustration shall prevail. The amount of TCV may differ slightly from the sum of GCV and NGCV due to rounding to thousands. After customers exercise Currency Exchange Option, the adjustments on policy value may be significant (either positive or negative). For details, please refer to the Currency Exchange Option Illustration with new policy value calculated based on the prevailing market-based currency exchange rate determined by us in our sole discretion..

Policy Value	Plan: GP1 Policy Currency: USD		Plan: GP3 Policy Currency: RMB	Plan: GP3 Policy Currency: RMB (USD equivalent)^

Annual Premium	100,000 (Annual Premium **before** exercising Currency Exchange Option)	→	515,000	86,000 (Annual Premium **after** exercising Currency Exchange Option)
Guaranteed Cash Value	111,000	→	449,000	75,000
Non-guaranteed Cash Value (Reversionary Bonus and Terminal Bonus)	72,000	→	654,000	109,000
Total Cash Value	184,000	→	1,103,000	184,000

* Assume no Bonus Lock-in Option, Bonus Unlock Option, Policy Split Option and Mental Incapacity Option have been exercised. In case if the Bonus Lock-in Option is exercised before exercising the Currency Exchange Option, the value of the Bonus Lock-in Account will be adjusted using the prevailing market exchange rates, instead of through settlement via policy value adjustment as shown above.

^ Assume the prevailing exchange rate at the time of exercising Currency Exchange Option is **1 USD: 6 RMB**, which **may be different** from the actual exchange rate used when the Currency Exchange Option is exercised.

Example 2:

Existing Policy Currency: **GP1**, RMB
New Policy Currency: **GP3**, EUR

5 Pay, Annual Premium RMB100,000, Exercising Currency Exchange Option at the end of policy year 3 after paying the premiums due and payable

Apart from the policy currecy of GP1 (RMB) and the policy currecy of the to be converted GP3 (EUR), assume other factors the same as example 1, the mechanism of exchanging currency will be the same as example 1. First there will be conversion of Total Cash Value (TCV)* and then the principal amount and annual premium under new policy currency and/or new plan. After that, the value will be split into Guaranteed Cash Value (GCV) and NonGuaranteed Cash Value (NGCV).

After the end of policy year 3

Remarks: The TCV of the policy will fluctuate from time to time with reference to the accumulation of the policy value. The TCV shown below is the value on the first day after the 3rd policy anniversary and is only for illustrating the ratio change of guaranteed and non-guaranteed values, the change of principal amount and the change of annual premium across different plans and/or currencies. This example is for reference only. The actual TCV will vary with reference to the policy information (such as premium payment term, payment frequency, policy currency before and after exchange etc.). The values in the Currency Exchange Option Illustration shall prevail. The amount of TCV may differ slightly from the sum of GCV and NGCV due to rounding to thousands. After customers exercise Currency Exchange Option, the adjustments on policy value may be significant (either positive or negative). For details, please refer to the Currency Exchange Option Illustration with new policy value calculated based on the prevailing market-based currency exchange rate determined by us in our sole discretion.

Policy Value	Plan: GP1 Policy Currency: RMB		Plan: GP3 Policy Currency: EUR	Plan: GP3 Policy Currency: EUR (RMB equivalent)^

Annual Premium	**100,000 (Annual Premium before exercising Currency Exchange Option)**	→	**13,000**	**101,000 (Annual Premium after exercising Currency Exchange Option)**
Guaranteed Cash Value	**130,000**	→	**8,000**	**68,000**
Non-guaranteed Cash Value (Reversionary Bonus and Terminal Bonus)	**67,000**	→	**16,000**	**129,000**
Total Cash Value	**197,000**	→	**25,000**	**197,000**

* Assume no Bonus Lock-in Optionhave been exercised. In case if the Bonus Lock-in Option is exercised before exercising the Currency Exchange Option, the value of the Bonus Lock-in Account will be adjusted using the prevailing market exchange rates, instead of through settlement via policy value adjustment as shown above.

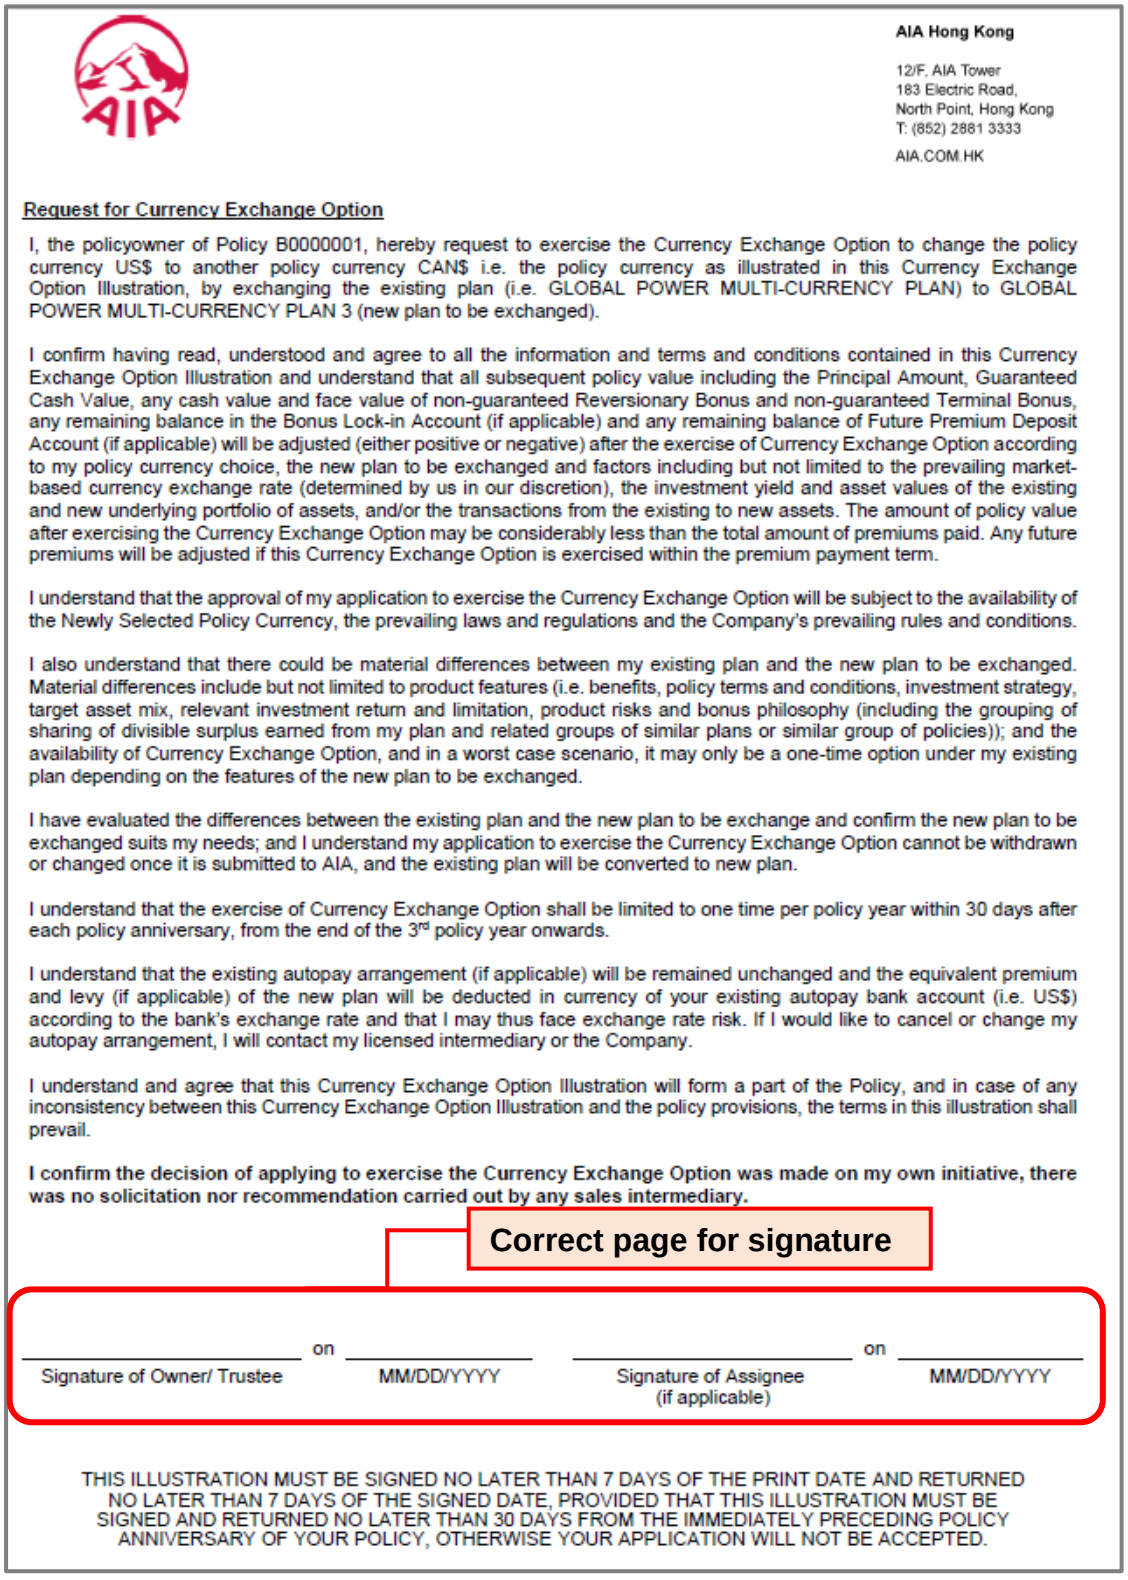

^ Assume the prevailing exchange rate at the time of exercising Currency Exchange Option is **8 RMB: 1 EUR**, which **may be different** from the actual exchange rate used when the Currency Exchange Option is exercised.

	As seen in the above 2 examples, after exercising Currency Exchange Option, the policy's Principal Amount, Guaranteed Cash Value, future premium(s) due and payable (if any) under the policy along with the face values and cash values of Reversionary Bonus and the face values and cash values of Terminal Bonus may be determined and adjusted (either increase or decrease) based on the new policy currency, new plan (if applicable) and various factors. Customers should carefully evaluate the difference between their current plan and the latest plan under the Global Power Series available for exchange when they exercise the Currency Exchange Option and consider whether the latest plan suits their needs.

Request for Currency Exchange Option

I, the policyowner of Policy B0000001, hereby request to exercise the Currency Exchange Option to change the policy currency US$ to another policy currency CAN$ i.e. the policy currency as illustrated in this Currency Exchange Option Illustration, by exchanging the existing plan (i.e. GLOBAL POWER MULTI-CURRENCY PLAN) to GLOBAL POWER MULTI-CURRENCY PLAN 3 (new plan to be exchanged).

I confirm having read, understood and agree to all the information and terms and conditions contained in this Currency Exchange Option Illustration and understand that all subsequent policy value including the Principal Amount, Guaranteed Cash Value, any cash value and face value of non-guaranteed Reversionary Bonus and non-guaranteed Terminal Bonus, any remaining balance in the Bonus Lock-in Account (if applicable) and any remaining balance of Future Premium Deposit Account (if applicable) will be adjusted (either positive or negative) after the exercise of Currency Exchange Option according to my policy currency choice, the new plan to be exchanged and factors including but not limited to the prevailing market-based currency exchange rate (determined by us in our discretion), the investment yield and asset values of the existing and new underlying portfolio of assets, and/or the transactions from the existing to new assets. The amount of policy value after exercising the Currency Exchange Option may be considerably less than the total amount of premiums paid. Any future premiums will be adjusted if this Currency Exchange Option is exercised within the premium payment term.

I understand that the approval of my application to exercise the Currency Exchange Option will be subject to the availability of the Newly Selected Policy Currency, the prevailing laws and regulations and the Company's prevailing rules and conditions.

I also understand that there could be material differences between my existing plan and the new plan to be exchanged. Material differences include but not limited to product features (i.e. benefits, policy terms and conditions, investment strategy, target asset mix, relevant investment return and limitation, product risks and bonus philosophy (including the grouping of sharing of divisible surplus earned from my plan and related groups of similar plans or similar group of policies)); and the availability of Currency Exchange Option, and in a worst case scenario, it may only be a one-time option under my existing plan depending on the features of the new plan to be exchanged.

I have evaluated the differences between the existing plan and the new plan to be exchange and confirm the new plan to be exchanged suits my needs; and I understand my application to exercise the Currency Exchange Option cannot be withdrawn or changed once it is submitted to AIA, and the existing plan will be converted to new plan.

I understand that the exercise of Currency Exchange Option shall be limited to one time per policy year within 30 days after each policy anniversary, from the end of the 3rd policy year onwards.

I understand that the existing autopay arrangement (if applicable) will be remained unchanged and the equivalent premium and levy (if applicable) of the new plan will be deducted in currency of your existing autopay bank account (i.e. US$) according to the bank's exchange rate and that I may thus face exchange rate risk. If I would like to cancel or change my autopay arrangement, I will contact my licensed intermediary or the Company.

I understand and agree that this Currency Exchange Option Illustration will form a part of the Policy, and in case of any inconsistency between this Currency Exchange Option Illustration and the policy provisions, the terms in this illustration shall prevail.

I confirm the decision of applying to exercise the Currency Exchange Option was made on my own initiative, there was no solicitation nor recommendation carried out by any sales intermediary.

申請貨幣轉換選項

本人為保單B816504185之保單持有人，現申請行使在此貨幣轉換選項價值一覽表內顯示之「貨幣轉換選項」，以轉換現有計劃（即「盈御多元貨幣計劃」）至「盈御多元貨幣計劃3」（被轉換之新計劃）之形式，把保單貨幣由美元轉換成另一保單貨幣加元。

本人確認已閱讀、明白及同意本貨幣轉換選項價值一覽表所提供的所有資料及條款及細則，及本人明白隨行使貨幣轉換選項後之所有後續的保單價值，包括基本金額、保證現金價值、任何非保證復歸紅利的現金價值及面值、任何非保證終期分紅的現金價值及面值、任何紅利及分紅鎖定戶口餘額（如適用）及任何現金儲備金戶口餘額（如適用），將依據本人選擇之保單貨幣、將轉換至的新計劃及下列包括但不限於當時的市場兌換率（由我們酌情決定）、新舊資產組合的投資收益和資產價值，及/或由現有資產轉移至新資產之交易而有所改變（較高或較低）。而行使貨幣轉換選項後的保單價值可能遠少於已繳的總保費。若於保費繳付期內行使貨幣轉換選項，任何其後之保費均會被調整。

本人明白申請行使貨幣轉換選項之批准將受限於可供選擇之已選新保單貨幣、當時現行的法律及規則以及本公司當時現行的規則和規例。

本人亦明白我的現有計劃與將會轉換至的新計劃可能有顯著差別。顯著差別包括但不限於產品特點（例如保障、保單條款及條件、投資策略、目標資產組合及相關投資回報和限制、產品風險及紅利理念（包括分享我的計劃及類似計劃的相關組別或類似的保單組別所產生的可分盈餘組別）），及貨幣轉換選項是否適用。在最壞情況下，因應將來新計劃之產品特點，我的現有計劃下之貨幣轉換選項或只能行使一次。

我已詳細考慮現有計劃和將會轉換至的新計劃的差別及確認將會轉換至的新計劃符合我的需求；亦明白本人行使此貨幣轉換選項之申請一經提交予AIA便不可撤回或更改，及現有計劃將會轉換至新計劃。

本人明白貨幣轉換選項只限於第3個保單週年日後，於每個保單週年日的30日內行使一次。

本人明白現有之自動轉賬將會被保留（如適用），並按照現有之自動轉賬戶口及自動轉賬戶口之貨幣（即美元），根據自動轉賬戶口之銀行匯率，扣除新計劃等值的保費及保費徵費（如適用），本人或會因而承受匯率風險。如本人欲取消抑或更改自動轉賬之安排，本人會與我的持牌保險中介人或本公司聯絡。

本人明白及同意此貨幣轉換選項價值一覽表將會構成保單之一部分，並且如此貨幣轉換選項價值一覽表及保單條文有任何不一致，將以此價值一覽表的條款作準。

本人確認申請行使貨幣轉換選項乃本人提出的決定，銷售中介沒有就此選項進行任何招攬或建議行為。

2.	**When customers are considering to exercise Currency Exchange Option, how should agents provide advice in order to help customers with their decision?**
	Whether to exercise Currency Exchange Option or not and the choice of currency is the pure decision of customers. AIA and its agents shall not provide any advice on whether or not to exercise Currency Exchange Option nor the currency choice.

3.	**Could agents generate another Currency Exchange Option Illustration before the customer confirm to exchange the selected currency? If yes, will the new version of Illustration replace the old one once generated?**
	Yes. Agents can generate an updated illustration before the customer confirms to exercise the Currency Exchange Option. However, after the application of Currency Exchange Option is approved, the signed and submitted Currency Exchange Option Illustration's policy values and policy currency will be referenced. In other words, assume the customer has generated the Illustrations on 1st September 2024 and 5th September 2024 respectively, after that he/she signed and submitted the Illustration generated on 1st September 2024. The exchange of policy values will reference the Illustration generated on 1st September once the application is approved. The generated Illustrations will be stored in Policy Enquiry System (PES) for 7 days. After that, the Illustration will be deleted and will require regeneration.
