Benefits Enhancement for
AIA VOLUNTARY HEALTH INSURANCE FLEXI SCHEME (SEMI-PRIVATE)

As your medical insurance partner, we are striving to provide you with the comprehensive and high-quality medical protection. With effect from 1 March, 2022, we will provide you with wider coverage overseas at no additional premium. The certification number F00022-05-000-03 of your plan remains the same.

Inclusion of value-added tax and goods and services tax as eligible expenses

Medical services overseas may incur tax which place an additional financial burden on you. Starting from the above effective date, eligible expenses under your plan will cover the value-added tax (VAT) and goods and services tax (GST) charged or imposed on the expenses incurred for medical services. This will give you extra protection when facing certain unexpected crises overseas.

Recently we have received enquiries about the relevant benefit items under Supplemental Major Medical benefits (SMM). We would like to take this chance to elaborate to you that benefit items in Part I (a) to (i), (k)(ii) (2), (n) and (o) and Part II (a) on benefit schedule are the relevant benefit items under SMM.

We enclose the relevant supplement for insertion to the existing terms and conditions of your policy and for your safekeeping. Please refer to the enclosure for full details of the terms and conditions of the enhancement. If you would like to have a full set of policy provisions, you may request us for provision. If you do not wish your plan to be enhanced before next policy anniversary date, you may opt to stay with existing cover beforehand.

If you have any questions regarding this letter, please contact your Broker/IFA TOWERS WATSON PENNSYLVANIA INC or the AIA Customer Hotline on 22328888 at your convenience. We are always ready to help.

Yours faithfully,

Note: this paragraph is not applicable to AIA Voluntary Health Insurance Standard Plan (AVS)
